

# EVERLAST PBR™

THE NEXT GENERATION OF METAL ROOFING

# EVERLAST PBR™

## Attractive Design

The Everlast PBR™ Panel is designed for both roofing and siding applications. This panel is excellent for most any exterior use, including industrial, commercial, and agricultural applications. The PBR™ Panel can also be used as an interior liner panel. The PBR™ Panel is manufactured in an unpainted Galvalume Plus™ substrate in both 24 and 26 gauge. A painted 26 Gauge galvalume substrate is also available in a variety of colors.

## Superior Strength

The PBR™ Panel provides optimum strength, which is ideal for maximum spanning capabilities, and the weather-tight side lap allows for applications on roof pitches as low as a 1:12.
