

## LISTA DE PROVEEDORES DE LA POLÍTICA DE ASISTENCIA ECONÓMICA (FAP) (1 de marzo de 2018)

La política de Thorek Memorial Hospital es proporcionar asistencia económica a los pacientes que la necesitan. La Política de Asistencia Económica (FAP, por sus siglas en inglés) se aplica a toda la atención médica de urgencia o médicamente necesaria que el hospital proporcione, pero no es vinculante para otros proveedores específicos (por ej., médicos) de servicios médicos fuera del hospital. Tampoco es vinculante para, por ejemplo (a título meramente enunciativo), un proveedor cuya relación laboral con Thorek o cuyo campo de especialidad profesional hayan cambiado. Por lo tanto, debido a que los médicos y otros proveedores que se incluyen en esta lista pueden cambiar periódicamente, Thorek actualizará y publicará una nueva versión en su sitio web al menos de manera trimestral.

Si el estado de cobertura del proveedor de conformidad con la FAP se indica como “COVERED UNDER FAP” (CUBIERTO DE CONFORMIDAD CON LA FAP), la atención del proveedor o en el consultorio del proveedor (proporcionada en el hospital) está cubierta por esta Política de Asistencia Económica. Si el estado de cobertura del proveedor de conformidad con la FAP se indica como “NOT COVERED” (NO CUBIERTO), la atención del proveedor o en el consultorio del proveedor (proporcionada en el hospital) no está cubierta por esta Política de Asistencia Económica.
