

## **OneGlobe Wins Prestigious Oracle Excellence Award for Partner of the Year – Global in Autonomous Database**

**16<sup>th</sup> September, 2019**

Today, Oracle awarded OneGlobe with its 2019 Oracle Excellence Award for Partner of the Year - Global in Autonomous Database.

The Oracle Excellence Awards for Global Partner of the Year recognizes OneGlobe for their outstanding work in driving customer success with Autonomous Database. Oracle partners drive innovation and support customers in their upgrade to cloud. From business planning, acquisition and implementation, to connectivity, data center and integration services, Oracle partners provide the support and services needed to maximize the value of Oracle Cloud solutions for customers' organization.

Oracle PartnerNetwork (OPN) offers opportunities for partners to accelerate and expand their business. Oracle would like to highlight their partners who are highly experienced and skilled in taking their customers on a successful path to the cloud.

OneGlobe is a member of Oracle PartnerNetwork (OPN). OneGlobe was presented the 2019 Oracle Excellence Award for Global Partner of the Year in Autonomous Database for demonstrating an outstanding and innovative solution based on Oracle products. The Oracle Excellence Awards for Global Partner of the Year encourages innovation by Oracle PartnerNetwork (OPN) members, who use Oracle's products and technology to create value for customers and generate new business potential.

OneGlobe, an Oracle Platinum level member of Oracle PartnerNetwork (OPN), is a digital systems integrator that helps companies with cloud adoption, advanced business analytics, robotic process automation, Oracle ERP Mmodernization, systems integration and managed services. OneGlobe is one of the fastest growing Oracle member with Oracle Cloud customers in different geographies across major industries, including Banking, Financial Services, Engineering/Construction, Hospitality, Professional Services, Manufacturing and others.

The award was presented to OneGlobe for leveraging Oracle Autonomous Database to provide advanced business analytics solutions to multiple customers, to help them transform their business in different ways and achieve a very quick ROI on their Oracle cCloud investments. The solutions were enabled by Oracle cCloud using in-built cognitive science technologies like ML and AI, and the benefits were realized in a very short period. OneGlobe invested very early in Oracle cCloud and leveraged Oracle partner enablement programs to get most of its consultants certified and get specialized in a number of Oracle cCloud technologies .

OneGlobe is one of the first companies to implement Autonomous Database solutions for advanced business analytics and enable multiple enterprises to leverage the first-of-its-kind Oracle Autonomous Database. They have coupled Oracle Autonomous Analytics Cloud with Autonomous Data Warehouse to leverage the real time analytics for large enterprises.

Chandra Muthuswamy, MD, OneGlobe, said “To be recognized for this prestigious Global award is an extraordinary honor and a reflection of the impact OneGlobe’s solution and services has had with our customers. The award not only recognizes OneGlobe’s extensive knowledge of Oracle technology across functions and industries, but also our ability to apply that knowledge in a way that helps solve an organization’s critical business challenges. I also want to congratulate our Oracle team for their innovation and expertise that helps our customers get the most from Oracle technology and achieve their objectives.”

“OneGlobe has demonstrated an outstanding level of innovation in delivering proven Oracle-based Autonomous Database solutions that solve our joint customers’ most critical business challenges,” said Steve Daheb, Senior Vice President, Cloud Strategy, Oracle. “We congratulate OneGlobe in achieving the 2019 Oracle Excellence Award for Global Partner of the Year in Autonomous Database. This achievement is a testament to their dedication to excellence and to providing customers digital systems integration solutions that drive real business value and results.”

## About Oracle OpenWorld

Oracle OpenWorld, the industry’s most important business and technology conference for more than 20 years, hosts tens of thousands of in-person attendees as well as millions online. Dedicated to helping businesses leverage cloud for their innovation and growth, the conference delivers deep insight into industry trends and breakthroughs driven by technology. With thousands of sessions, demos and hands-on labs, plus exhibitions from more than 250 partners and customers from around the world, Oracle OpenWorld has become a showcase for leading cloud technologies, from Cloud Applications to Infrastructure. For registration, live keynotes, session details, news and more, visit [www.oracle.com/openworld](http://www.oracle.com/openworld) or [www.oracle.com/newsroom](http://www.oracle.com/newsroom).

## About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) is Oracle's partner program that provides partners with a differentiated advantage to develop, sell and implement Oracle solutions. OPN offers resources to train and support specialized knowledge of Oracle's products and solutions, and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to be recognized and rewarded for their investment in Oracle Cloud. Partners engaging with Oracle will be able to differentiate their Oracle Cloud expertise and success with customers through the OPN Cloud program – an innovative program that complements existing OPN program levels with tiers of recognition and progressive benefits for partners working with Oracle Cloud.
