

- Offsite Disaster Recovery(DR) enables an enterprise to reduce downtime in the event of planned or unplanned outages.
- Historically offsite DR has been expensive with high administrative overheads which prohibited widespread adoption. Oracle Cloud provides a cost effective and an efficient alternative.
- OneGlobe will setup an Oracle Database DR instance in Oracle Cloud within 3 weeks.
- **Monthly Support Fee (Optional)** - \$500 per month. You only pay support fees for the months used with no long-term contract commitment.
- **Oracle Licenses** - Flexibility to convert to a reduced price of \$1,801 per month with an annual contract. Paid Monthly.
- Pricing may vary depending on the configuration and the complexity of your environment.

Deploy

Fee : \$25,000
Duration : 3 weeks

Oracle License Fee

\$2,617 per month.
Pay as you Go.
No monthly commitment.

Disaster Recovery to Oracle Cloud

 <div>Simple Deployment Model - Oracle Managed Infrastructure</div>	 <div>On-Demand, Instantaneous Elastic DR Site</div>	 <div>Continuous Validation Eliminates Data Inconsistency and Corruption</div>
 <div>No CAPEX, Low OPEX</div>	 <div>Elastic Compute and Choice of Storage for Data Protection</div>	 <div>Strong Data Security with Encryption / SSL</div>

Services Include

Deployment Services

Device DR strategy based on an on premise instance

Setup DR on Oracle Public Cloud

Monthly Support Services

Upto 8 hours per month

Services covered include :

Perform switch over on request

Break/Fix

Applying patches/upgrades

OneGlobe Advantage

**Platinum Partner**
Cloud Standard

Oracle Cloud Managed Service Provider

**Platinum Partner**
Specialized Oracle Infrastructure as a Service

**Platinum Partner**
Specialized Oracle Management Cloud

**Platinum Partner**
Specialized Oracle Big Data

**Platinum Partner**
Specialized Oracle GRC: Oracle Fusion GRC Solutions
