Beauty **Fans**

Unless stated otherwise, all figures are drawn from our Q1 2017 among 89,392 internet users aged 16-64 across 40 markets. Among this cohort, there were 23,010 Beauty Fans (19,808 of whom were female), 762 Regular Elisabeth Arden Users, 1,679 Regular Estee Lauder Users, 9,141 Regular L'Oreal Users and 2,403 Regular Revlon Users. Beauty Fans are defined as internet users aged 16-64 who say they have a strong interest in beauty products. Regular users are defined as those who use each brand's products weekly or more

GWI COVERAGE

PRO PLATFORM™

Analyze any audience, date range or selection of countries / regions and build bespoke audiences based on our wide range of demographic, attitudinal and behavioral variables.

GWIQ™

Connect your digital audiences to the GWI panel using passively monitored visitation to run ad effectiveness, audience targeting validation and web analytics.

CUSTOM RESEARCH

Having an existing relationship with our core respondents allows us to "re-contact" them

Doing this we can:

- Create bespoke projects designed to gather the specific information you need
- Synchronize 20,000 GWI Core data points with the custom re-contact data set
- Provide questionnaire writing consultancy with a Custom Research Analyst
- Write insight reports based on this research to offer actionable recommendations
- Run custom projects at any time during the year
- Conduct audience targeting
