

## **Instructions for Applying Label to Pitco Freshside Grille Cooker**

**Please Note:** Label shown here is for demonstration purposes only. Actual label will have graphics on a clear background.

1. Using All Purpose Cleaner and a damp towel, wash section of cooker door where label is to be applied. Dry surface.

2. Using alcohol wipe provided, wipe surface to remove any residue.

3. Fold back tab on label to expose about 1" of adhesive back.

4. Place label in position using left edge of door as a guide. (Place label approximately 1/8" from edge.) Press to seat exposed adhesive onto door.

5. Peel back about half of label backing and press smoothly to apply label to door. Use care not to create wrinkles or bubbles in label.

6. Peel remainder of backing using your left hand to smooth label as backing is removed.

7. Completed label installation. Make sure label is wrinkle and bubble free.
