

HubSpot HealthCheck

What is the HubSpot HealthCheck?

The HubSpot HealthCheck is a complete review of your HubSpot portal to highlight issues, recommend fixes and streamline your campaigns.

Is the HubSpot HealthCheck right for me?

The HubSpot HealthCheck is ideal for mid-large companies who already have HubSpot in place and have been using it for more than 6 months.

What is included in the HubSpot HealthCheck?

- Course materials (including more than 3 hours of video lectures)
- 2 hours of one-to-one consulting via zoom with XEN's CEO Craig Bailey
- A review of your HubSpot Portal
- Grades against each of the items in the HealthCheck checklist
- Recommendations for improvement
- A walkthrough of the findings and answers to any questions you may have
- An actionable checklist to help you start optimising your HubSpot Portal.

See this page for a detailed look at what we will cover in your personalised HealthCheck.

What are the benefits of the HubSpot HealthCheck?

Our HubSpot HealthCheck service has helped clients to:

- Utilise their HubSpot Portal more efficiently
- Highlight issues and assign priority items to fix
- Reduce errors caused by a lack of processes
- Optimise workflows and automation to save time and money
- Achieve better engagement with contacts
- Have access to better reporting
