

# 3pp<sup>®</sup> Elbow Wrap

The 3pp<sup>®</sup> Elbow Wrap compresses the muscles and tendons to help relieve pain in the elbow from twisting or lifting motions. Use for Tennis Elbow (lateral epicondylitis), Golfer's Elbow (medial epicondylitis), cumulative trauma disorders or tendinitis.

## Features

- The unique 3 part design allows the user to apply pressure specifically over inflamed tendons to relieve the pain of Tennis or Golfer's Elbow without causing nerve or circulatory problems.
- Lined in non-slip foam, the low profile material and design makes it easy to wear and practically invisible under clothes.
- Breathable and machine washable. Latex-free.

## Order Information

Measure around the forearm about 1" below the elbow crease. Fits both right and left hands.

	Item Number	Fits
<b>Sm/Med</b>	P4000-R23BK	8" to 10 1/2"
