

Vehicle Purchase & Lease

Special discount program

When you decide to purchase or lease your next vehicle, you may want to consider the savings benefits offered through Topco's Member Employee Vehicle Purchase & Lease program through Ford.

This program offers exclusive savings to current employees of Topco member companies. You may benefit from savings (up to 10%) at or below the Ford dealer's invoice on the purchase or lease of eligible vehicles. With the plan, you may purchase up to two vehicles per household per year.

How to use the program

The program is completely turn-key and available on the Ford website at fordpartner.com. When you visit the website, use the partner code NY643.

Or visit your local dealer, negotiate the price of your new vehicle, present the code **NY643** and receive a discount off the negotiated price. For more information, visit fordpartner.com.
