Manager, New York Aircraft Certification Office

Subject: S-12300-(), S-12350-(); Model AV-40C minor change request

Dear Mr. Brumer;

The life preserver drawing S-12300-(), S-12350-() Revision H has had a minor change done to it and this letter is being submitted to bring our records up to date.

Revision H dated 8/96 removes the vendor code numbers and changed factory code numbers for the snap fasteners, from the bill of material section allowing for alternative vendor sources.

This change should be considered minor as it does not have any effect on form, fit, or function. We hereby certify that these life preservers meet or exceed all the requirement of TSO C13d and will be manufactured under the strict quality control procedures on file with your Teterboro, New Jersey office.

Should you have any questions please do not hesitate to contact us.

Regards,

Gustavo Fanjul
