Attn: Mr. Anthony Socias, Manager

Subject: S-21400/21450-( ), Model AV-35D Life Preserver, Minor Change Request

Dear Mr. Socias,

The life preserver drawing S-21400/21450-( ) has had two minor changes to it. Revision AC and this letter are being submitted to bring our records up to date.

Revision AC dated 8/09, provides detailed information for cutting the neckline on life vest cells made with double-coated fabric. Additionally, in the Bill of Materials section, the part number for black binding tape was corrected to reflect the part number actually being used.

This change should be considered minor as it does not have any effect on form, fit, or function. We hereby certify that this life preserver meets or exceeds all the requirements of TSO C13d and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Best Regards,

John Mayer  
Engineer
