Attn: Mr. Gaetano Sciortino, Manager

Subject: S-73850-( ), Model AV-300 Life Preserver, Minor Change Request

Dear Mr. Sciortino,

The life preserver drawing S-73850-( ) has had a minor change to it. Revision B and this letter are being submitted to bring our records up to date.

Revision B dated 4/13, moved the location of the whistle from the top of the life preserver, to the bottom. This change allows more accessibility for the user and standardizes its location with our other aviation life preservers.

This change should be considered minor as it does not have any effect on form, fit, or function. We hereby certify that this life preserver meets or exceeds all the requirements of TSO C13f, complies with 14 CFR Part 21, Subpart O, and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Best regards,

John Mayer  
Engineer

Enclosure: Revision B to S-73850-( )
