Old Republic Contractors Insurance Group is Pleased to Announce a New Training Initiative with CLMI Safety Training

Old Republic Contractors Insurance Group (ORCIG) understands that scheduling training in the midst of the busy construction season can be a challenging process. To assist in developing and delivering your internal training, we have arranged with CLMI to ensure that our clients have access to quality safety training videos. CLMI has been providing OSHA content training for over 30 years.

You'll receive FREE access to over 250 Safety and HR titles in the CLMI ClixStream™ Library. The library stays up-to-date by adding new programs related to the latest OSHA topics and best practices. You'll be able to provide high-impact training, even if your employees work at multiple locations, on different shifts, or have busy schedules.

As an ORCIG client, we would like to introduce you to this service by providing you with five pre-paid coupons per policy period. If you like what you see, you will have the ability to purchase additional video streams directly from the ORCIG/ClixStream™ training portal for the low cost of \$9.94 each.
