

Old Republic Contractors Insurance Group is Pleased to Announce a New Training Initiative with J. J. Keller & Associates, Inc.

Old Republic Contractors Insurance Group (ORCIG) understands that scheduling training during the busy construction season can be challenging. To assist in developing and delivering your internal training, we have arranged with J. J. Keller & Associates, Inc. to ensure that our clients have access to a wide variety of free safety training videos and supplemental training materials.

You'll receive **FREE** access to the J. J. Keller® Video On Demand Catalog with hundreds of topics for fleet, workplace, and construction safety, as well as human resources issues. You'll be able to provide high-impact training, even if your employees work at multiple locations, on different shifts, or have busy schedules. All you need to get started is a computer or mobile device with access to the internet.

What you'll get:

- 24/7 Access to the Catalog
- Training Videos
- Supplemental Training Materials
(PowerPoint® presentations, instructor's guides, quizzes and more)

J. J. Keller® Training On Demand

If video training is not what you are looking for, J. J. Keller offers a library of self-paced online courses through Training on Demand. With each course, you will be provided with downloadable training resources and printable reports and certificates.

These courses use a point payment system. The training point system makes it easy for you to buy as much, or as little, access to the training you need. A course typically costs 25 points, and points are only \$1 each. Remember to purchase your points from the ORCIG / J. J. Keller web page to receive your discount on point purchases. The more points you buy, the more money you'll save on each student's training.
