

## ***Safety Stand-down: To Prevent Struck-by Incidents in Construction***

**April 20, 2020- Virtual event due to COVID-19**

In response to the current COVID-19 pandemic, organizers of the first annual National Stand-Down to Prevent Struck-by Incidents in Construction event, have decided to make the event virtual.

Struck-by incidents are one of OSHA's Focus Four hazards in construction. Struck-By incidents are the second leading cause of fatalities in construction. This stand-down is intended to highlight the hazards related to struck-by incidents and the importance of jobsite awareness to prevent struck-by incidents in construction

The link to more information about the stand-down is located here:
