

## DeWalt Drills Recalled Due to Shock Hazard

**Recall impact about 122,000 units**

DeWALT is recalling drills DWD110 and DWD112. These units have wiring that may contact internal moving parts and pose a shock hazard. You may contact DeWALT toll free at 855-752-5259.

This recall involves the DeWALT DWD110 and DWD112 3/8-inch variable speed reversing drills. The drills are yellow with black accents and have a power cable connected at one end. Only drills with date codes 2017-37-FY through 2018-22-FY are affected. If the drill is marked with an "X" after the date code it has already been inspected and is not affected. The model number is located on a label on the right side of the drill. The date code is etched into the body of the drill below the label. Consumers whose drill does not have a date code, or who cannot locate the date code should contact the company.

Product Name	UPC
DeWALT DWD110	885911037518
DeWALT DWD112	885911057319

Consumers should immediately stop using the recalled drills and contact DeWALT to schedule a free inspection and repair. Additional details can be obtained by clicking the link below.
