Whether you are an existing station and want to upgrade to the free SHOUTcast Streaming Service, or you want to download the latest version of our software to run on your own servers, SHOUTcast lets you transmit your audio to listeners around the world. Join more than 50,000 stations using SHOUTcast right now.

Completely Free

The SHOUTcast DNAS software is the standard in internet audio streaming. Available since 1998, it continues to be the most commonly used and advanced streaming solution worldwide.

Build Your audience

SHOUTcast stations gain exposure in multiple places: shoutcast.com - one of the most visited Internet radio sites online, along with our powerful API and online partners.

Exportable Player

SHOUTcast now offers our partner stations a customizable HTML5 player for your website which works on almost every listening platform including phones and mobile devices.

Revenue

Server-side, geotargeted audio ads are built right into SHOUTcast giving qualifying stations the ability to track and maximize their profits along with access to real-time earnings data. [Read more.](#)

Streaming Service

The SHOUTcast Streaming Service is a great option for online or terrestrial stations looking to save money on streaming. Not only do we provide truly free unlimited listener slots and bandwidth, but it instantly creates revenue for your station.

Statistics

Every SHOUTcast partner station has access to extensive and intuitive listener reports completely free.
