SUMMER CAMP

FOR SCHOOL AGE 5-12

GET READY FOR AN UNFORGETTABLE SUMMER!

COME PREPARED FOR FUN!

At Timberlake Summer Camp, we pack summer days with adventures, water play, and so much more! We believe summer is for having fun. Your kids will explore and discover all sorts of new things as we explore STEM experiments with “rocking reactions.” They will have fun putting on their chef hats to find out “what’s cooking” in the kitchen. We plan on cooking foods from different countries to get them exposed to different cultures. They will also get an opportunity to explore both “what’s in the jungle” and get a chance to “ride the wave”! They will get to “dream in color” while they learn all about colors. We will then close out our summer camp by enjoying “s’mores and more” while learning all about camping.
