

St. Marcus Ministries

Volunteer Opportunities & Ministry Action Teams

 **HOSTING** means creating a warm and inviting atmosphere in which to welcome guests, visitors and members to our congregational events.

St. Marcus has opportunities for you to serve by participating with the setup of special events. Service in this area might include tasks such as laying out tablecloths and placemats. It may also be related to food prep; things like cutting bars, stirring spaghetti sauce or flipping ribs. As a gifted host, you can also be on a regular rotation for service in worship. This includes greeting and ushering as well as more trained tasks such as making coffee or putting out communion ware.

 **FACILITY MAINTENANCE** means working with your body to execute tasks that keep our physical spaces up and running.

St. Marcus has opportunities for you to serve by providing skilled labor. This could be in the form of trades such as plumbing or electrical work. It could also be craftsman-type jobs such as painting or refinishing. There are several repetitive and janitorial tasks to be tended to. There are also special event crews for things like worship setup/take down and seasonal crews for grounds keeping.

 **COMPASSION** means to be gracious and generous, especially to those who are suffering.

St. Marcus has opportunities for you to serve by connecting with others in joyful love. This might be in the form of prayers, conversations or regular person to person visits to strengthen and encourage other church members. It also could be to meet the various needs of the church ministries with service in our Food Pantry, as a volunteer with the Community Council or through the work of the Benevolent Fund.

 **ADMINISTRATIVE** means working (often behind the scenes) in support of projects by providing a helping hand with the running of the organization.

St. Marcus has opportunities for you to serve by assisting with the management details of projects, events, office work, communications. This will often be things like printing bulletins, entering data or simply stamping envelopes!

 **YOUTH MINISTRY** means actively involving and engaging children and young people in order to help them grow spiritually.

St. Marcus has opportunities for you to serve by working with our youth including groups like Children's Church (ages 2-7), Sunday School (grades K4-4th). In addition to these member-driven services we have a need for volunteers within the school for things like reading buddies, tutoring, sports and assistance with transportation.

 **WORSHIP ARTS** means involvement with music and media related to our many regular Sunday (morning, afternoon, evening) and special worship services.

St. Marcus has opportunities for you to serve in the worship arts field by being a part of musical groups. We have many styles ranging from gospel to traditional with just as many different levels of experience from beginner to professional; all are invited to participate! The audio/visual teams for each service also need people to help them provide images for the screens and move through them during each service.
