Optional Coverage – Unmanned Aircraft Policy Change Endorsement Request

Policyholder Information:

Insured's name*	Desired effective date:*	mm/dd/yyyy
Policy number*		*Required

Requirements:

Up to 8 total units and 8 total operators can be listed on one policy. Non-Owned Aircraft would constitute for one unit and one operator. A charge per UAV unit applies. Limitations: MGTOW up to 55lbs.

Non-Owned Aircraft and Other Than Non-Owned Aircraft can both be added on one policy. Other than Non-Owned Unmanned Aircraft requires the addition of business classification #148 – Unmanned Aircraft Operations (Rate Group Z), business personal property must be adjusted to include insurable value of the unmanned aircraft.

To schedule an Unmanned Aircraft it is required that a Federal Aviation Administration Small UAS Certificate of Registration for each unit scheduled be provided. Make, model, FAA Registration Number and MGTOW is required.

To schedule an operator, a copy of the US Department of Transportation, Federal Aviation Administration Airman Certificate or Temporary Airman Certificate for Each Operator is required. Operator Name and Date of Birth is required

Liability coverages will match when Non-Owned and Other than Non-Owned Coverage is purchased. Liability coverage options may be restricted based on current policy classifications.

Liability Limits follow the business liability limit on the policy. A change to the business liability limit will be necessary to change liability limits for Unmanned Aircraft. Liability limits can only be reduced at renewal effective date, a mid-term endorsement will not be honored for lowering of business liability limits.

UNMANNED AIRCRAFT (Not Available In NY)

Please note that Property Coverage for Unmanned Aircraft is on a Specified Perils basis plus theft and building glass breakage. Crash or collision with the ground will generally not be a covered loss.

Coverage for Non-Owned Unmanned Aircraft

For aircraft not owned by or rented or loaned to the named insured.

- Maximum Gross Takeoff Weight (MGTOW) 15 Pounds, or
- Maximum Gross Takeoff Weight (MGTOW) 55 Pounds

Coverage for Other Than Non-Owned Unmanned Aircraft
