Mr. Daniel R. Judson  
Commissioner of Insurance  
Division of Insurance

**Re: AIB Vehicle Rating Group Program – Vehicle Assignments Effective 7/15/2016**

Dear Commissioner Judson:

This informational filing is for update to the AIB Vehicle Rating Group program for both Liability and Physical Damage.

The AIB Physical Damage Vehicle Rating Group program filed and approved effective 8/1/2010 (SERFF # AIBM-126597473) and the AIB Liability Vehicle Rating Group program filed and approved effective 1/15/2015 (SERFF # 129809535) included VRG assignments for vehicles for which the required information was available at the time. It is necessary to periodically obtain the latest information for vehicles that are not yet included in the program to update the VRG assignment list. This filing is for updates to the latest (January 15, 2016) distribution of VRG assignments that includes additional vehicles, corrections to originally assigned VRGs, and revisions to vehicle description details shown in previously issued VRG pages. A summary memorandum of the updates is provided with this filing.

As an advisory filing, the VRG program and periodic updates cannot be used by an insurance company without filing with the Division of Insurance for adoption.

The certificate of compliance and DOI checklists are included as required.

Please contact me with any questions regarding this filing.

Sincerely,

A handwritten signature in cursive script that reads "Kim A. Barber".

**Automobile Insurers Bureau  
Vehicle Rating Group Updates – 7/15/2016**

Updates to the Vehicle Rating Group (VRG) assignments are proposed to be available as of 7/15/2016. The updates include new and corrected VRG assignments for model year 2016 and 2015 vehicles and updates for model year 2014 to add vehicles.

Newly assigned VRGs are derived using the AIB model as described in the VRG program filing effective 8/1/2010 for physical damage (SERFF # AIBM-126597473) and the VRG program filing effective 1/15/2015 for liability (SERFF #129809535).

Because of a change in the source product for the vehicle characteristics used in the application of the VRG model, a large number of changes are made to the series names and body styles across all model years in this update; these changes are editorial in nature and do not affect the VRG assigned to the vehicle. The vehicle model and series names are generally more consistent and simplified (e.g. unnecessary specification such as trim level is removed from the name). Changes to the body style of the vehicle that also do not affect the VRG assigned are for the following styles:

<u>Current</u>	<u>Revised</u>
Wagon 4D	SUV
Sport Van	Van
Station Wagon	Wagon 4D
Club Cab Pickup	2 Door Ext Cab Pk

Other updates for new vehicles and corrections to current VRGs are detailed below.

**A. Physical Damage VRG Program - Model Year 2016**

Vehicle information has become available for additional series and additional vehicles for series/body style vehicles that were previously added to the VRG program. The vehicles added to the VRG program for makes currently provided in the program are detailed on Exhibit 1, pages 1-2.
