1. Number of NSF's

Number of NSF's is defined as the number of non-sufficient fund payments received by Allstate Insurance Company regarding the payment of premium over the most recent prior 12-month period with Allstate ending 45 days prior to the renewal effective date. At new business this value is set to 0.

Subsequent determination of Prepaid Percentage is defined as the percentage of the previous policy period's premium paid by the time the first bill following the policy's most recent effective date has been generated by Allstate.

Note: Down payment amounts over 30% are entirely at the consumer's discretion.
