Collision and Comprehensive Rating Procedures

1. Develop the vehicle symbol according to Rule 22 assuming the most current model year in the rate pages.
2. Determine the Actual Cash Value premium for the most current model year based on the Rate tables for the vehicle symbol developed in (1.) for the appropriate tier, territory, class and deductible. Divide the Actual Cash Value premium by the Stated Amount Divisor shown below. Round the result to the nearest cent. For symbols 70 and above, use the Symbol 70 Actual Cash Value premium and divisor.
3. Apply the above rate to each \$100 of insured value to determine the stated amount premium.

***RULE 19. DISCOUNTS**

***A. Multi-Car**

A reduction of the premium applicable to Coverage Parts 1, 2, 4, 5, 7, 8 and 9 shall apply when:

1. A policyholder owns two or more automobiles and purchases coverage from the same company for at least two such automobiles, whether on the same or separate policies, or
2. A policyholder personally owns vehicles that are insured on a commercial auto policy which is controlled by the same Agency but written with another company, or
3. Another personal auto policy is written with Vermont Mutual for an individual in the same household as the policyholder.

At least two of the automobiles must be private passenger vehicles as defined in Rule 27, except that vehicles classified as antiques are not eligible. The premium reduction applies only to private passenger vehicles as defined in Rule 27. Refer to the Miscellaneous Rating Factors page for the applicable discount.

B. Anti-Theft Device

Refer to Anti-Theft Devices Standards and Discounts Rule 54.

C. Class 15

Premiums otherwise applicable to class 10 automobiles shall be reduced by 25% for insureds age 65 or older. If the principal operator becomes age 65 during the policy year, the class 10 premium must be adjusted as of that date. The premium adjustment shall be credited to the policyholder on that date unless that date is within sixty days of the expiration date of the policy, in which case the adjustment may be credited to the renewal policy. A notice of this classification change must be sent to the policyholder either prior to or with the proposed adjustment. The policyholder is required to notify the company of any change in operator usage which would affect entitlement to the discount.

The 25% discount is applied to the final premium for each part after all other discounts and rating factors have been completed. It is the last step in the rating process prior to the application of the merit rating plan points.

D. Annual Mileage Discount

A discount of the premium paid for Parts 1, 2, 3, 4, 5, 6, 7, 8 and 12 will be given to eligible policyholders on request, when the annual mileage of the vehicle falls into one of two categories. The discount will be based on the actual mileage driven in the previous policy year as determined by a comparison of two odometer readings, at least six months apart, from Registry of Motor Vehicle information or the Annual Mileage Discount Form and other standard automobile insurance forms available to the company. Refer to the Miscellaneous Rating Factors page for the applicable categories and discounts.

1. Eligibility

The vehicle must be a private passenger vehicle as defined in Rule 27, except that vehicles classified as Antiques are not eligible. The company may request that the applicant for the discount complete the Annual Mileage Discount Form for the verification of eligibility for the discount.

2. Verification

The company may use the odometer readings provided by the applicant on the Annual Mileage Discount Form or other standard forms available to the company, in order to verify the mileage driven in the past year. The company shall compute the annualized difference between the odometer reading at the time of application and the previous odometer reading to determine

eligibility. If a vehicle replaces a vehicle which is receiving the discount, the annual mileage of the prior vehicle will be attributed to the replacement vehicle.

The company may use information from the Vehicle Inspection System of the Registry of Motor Vehicles to verify annual mileage. The difference in the two most recent odometer readings reported by the Registry, if at least six months apart, shall be annualized to determine eligibility for the discount. If the Registry reports only one reading, which is more than six months before the application for the discount, the applicant may provide a current odometer reading on the Annual Mileage Discount Form, and the difference shall be annualized to determine eligibility.

If two odometer readings, at least six months apart, are not available to the company through the Registry of Motor Vehicles, the Annual Mileage Discount Form or other standard forms, the vehicle is not eligible for the annual mileage discount.

3. Application of Discount

The applicable discount applies to rates otherwise determined for each insured vehicle by coverage, limits purchased, territory, driver class, and model year and symbol prior to the application of points under a merit rating plan.
