Drivers and household residents

Furnish information for the applicant and each individual who customarily operates the auto(s) whether or not a household member. Your failure to list a household member or any individual who customarily operates your auto may have very serious consequences. Your total policy premium can be affected by all persons of driving age. While designating drivers as excluded may increase policy premium, the violation and accident history of excluded drivers does not affect premium.

Name Date of birth
.....

License status Years licensed Operator status

Household residents

Total residents:

The total number of residents currently residing in your household, including listed drivers, young children, roommates or anyone else living in the home for 60 days or more during the next 12 months.

NOTICE: If you or someone else on your behalf knowingly gives us false, deceptive, misleading or incomplete information in this application and if such false, deceptive, misleading or incomplete information increases our risk of loss, we may refuse to pay claims under any or all of the Optional Insurance Parts and we may cancel your policy. Such information includes the description and the place of garaging of the vehicle(s) to be insured, the names of all household members and customary operators required to be listed and the answers given above for all listed operators. We may also limit our payments under Part 3 and Part 4.

We will not pay for a collision or limited collision loss for an accident which occurs while your auto is being operated by a household member who is not listed as an operator on your policy. Payment is withheld when the household member, if listed, would require the payment of additional premium on your policy because the household member would be classified as an inexperienced operator or would require payment of additional premium on your policy under our rates.

License information

Once you or the principal operator listed on this application become a resident of Massachusetts, you or the principal operator must obtain a Massachusetts driver's license. A resident of another state may drive in Massachusetts with a currently valid license issued by the individual's state of residence. A visitor from another country who is at least 18 years old and has a valid license issued by a country accepted by the Registrar of Motor Vehicles (in accordance with the 1949 Road Traffic Convention or the 1943 Inter-American Automotive Traffic Convention) may legally drive in Massachusetts for up to one year from the date of arrival in the United States. The failure by you or the principal operator to be properly licensed to operate a motor vehicle in Massachusetts may result in the non-renewal of the automobile insurance policy. For information about the Massachusetts requirements for driver's licenses, please consult the Registry of Motor Vehicle's website at www.massrmv.com.

Driving history

If any listed operator had a driver's license in the United States or certain countries whose records are electronically available, we will obtain that official driving record(s), which will be used to determine your rate. See "Your Consumer Guide" for additional information.

Please review the following information carefully because driving history is used to determine your premium. All accidents are considered at-fault and over any applicable payment threshold unless we receive additional information from you or another source that proves otherwise. We obtain driving and claims history from one or more of the following sources:

- Your application (APP)
- Progressive claims history (PROG)
- Motor Vehicle Reports and/or court data (MVR) - provided by a consumer reporting agency
- Comprehensive Loss Underwriting Exchange (CLUE) - provided by a consumer reporting agency

<Company Brand name> uses driving history to determine your rate. There are no accidents or violations for drivers on this policy.

Application agreement

Verification of content

I declare that the statements contained herein are true to the best of my knowledge and belief and do agree to pay any surcharges applicable under the Company rules which are necessitated by inaccurate statements. I declare that no persons other than those listed in this application regularly operate the vehicle(s) described in this application. I declare that none of the vehicles listed in this application will be used as a public or livery conveyance, except for rideshare use of any such vehicle for which Progressive Rideshare Insurance has been purchased. I understand that some coverages under this policy may be rescinded and declared void if this application contains any false information or if any information that would alter the Company's exposure is omitted or misrepresented.

Notice of information practices

I understand that to calculate an accurate price for my insurance, the Company may obtain information from third parties, such as consumer reporting agencies that provide driving and claims histories. The Company may also use a credit report to verify the information I provide. The Company or its affiliates may obtain new or updated information to calculate my renewal premium or service my insurance. I may access information about me and correct it if inaccurate. In some cases, the law permits the Company to disclose the information it collects without authorization. However, the Company will not share personal information with nonaffiliated companies for their marketing purposes without consent. Complete details are in the Company's Privacy Policy, which will be provided with this insurance policy and upon request.

Acknowledgement and agreement

- If I make my initial payment by electronic funds transfer, check, draft, or other remittance, the coverage afforded under this policy is conditioned on payment to the Company by the financial institution. If the transfer, check, draft, or other remittance is not honored by the financial institution, the Company shall be deemed not to have accepted the payment and this policy shall be void.
- If I make my initial payment by credit card, the coverage afforded under this policy is conditioned on payment to the Company by the card issuer. I understand that if the Company is unable to collect my initial payment from the card issuer, the Company shall be deemed not to have accepted the payment and this policy shall be void. I also understand that if I authorize a credit card transaction for any payment other than the initial payment, this policy will be subject to cancellation for nonpayment of premium if the Company is unable to collect payment from the card issuer. The Company is deemed "unable to collect" in the following instances: (1) when I reach my credit limit on my credit card and the card issuer refuses the charge; (2) when the card issuer cancels or revokes my credit card; or (3) when the card issuer does not pay the Company, for any reason whatsoever, upon the Company's request.
- The Company may obtain information, including vehicle history information, from third parties. I understand that this information may affect my policy premium or could result in a policy declination, cancellation, or nonrenewal.
- I acknowledge that insurance prices may vary based on how I buy (e.g., mobile, tablet, phone, agent, etc.).

Other charges

I understand that I will be charged a <ARB-CNCL-FEE-AMT> fee if, during the initial policy period, I cancel this policy for any reason or the Company cancels it due to my failure to pay any premium when due. This fee is in addition to any premium the Company has earned for the coverage provided by this policy and may be deducted from any refund to which I am entitled. When I renew this policy, I understand that the Company will waive any fees that may apply to the renewal policy.

I agree to pay the installment fees shown on my billing statement that become due during the policy term and each renewal policy term in accordance with the payment plan I have selected. I understand that the amount of these fees may change upon policy renewal or if I change my payment plan. Any change in the amount of installment fees will be reflected on my payment schedule.

I understand that a returned payment fee of <ARB-NSF-SERVICE-FEE> will be assessed to the balance due on my policy if any check offered in payment is not honored by my bank or other financial institution. Imposition of such charge shall not deem the Company to have accepted the check unconditionally.

I agree to pay a late fee of <ARB-LATE-FEE> when the payment for the minimum amount due is not received or postmarked by the premium due date. The amount of this fee may change upon policy renewal.

I understand that a filing fee of <1\$XXX.XX> will be charged to the policy if any driver on the policy has an SR22 filing issued by the Company.

I understand that Massachusetts law requires that every insurer offer twelve-month term private passenger motor vehicle insurance policies at the customer's option. A six-month term policy is shorter than a twelve-month term policy. If this policy is for a six-month term, the premium shown above is half as much as the premium for a twelve-month term policy that starts on the same initial effective date. The renewal premium for each additional six-month term will be based on the rates in effect for the insurance company on the renewal effective date.

I understand that to calculate an accurate price for my insurance, the Company may obtain information from third parties, such as consumer reporting agencies that provide driving and claims histories. The Company may also use a credit report to verify the information I provide. The Company or its affiliates may obtain new or updated information to calculate my renewal premium or service my insurance. I may access information about me and correct it if inaccurate. In some cases, the law permits the Company to disclose the information it collects without authorization. However, the Company will not share personal information with nonaffiliated companies for their marketing purposes without consent. Complete details are in the Company's Privacy Policy, which will be provided with this insurance policy and upon request.

Acknowledgement and agreement

- If I make my initial payment by electronic funds transfer, check, draft, or other remittance, the coverage afforded under this policy is conditioned on payment to the Company by the financial institution. If the transfer, check, draft, or other remittance is not honored by the financial institution, the Company shall be deemed not to have accepted the payment and this policy shall be void.
- If I make my initial payment by credit card, the coverage afforded under this policy is conditioned on payment to the Company by the card issuer. I understand that if the Company is unable to collect my initial payment from the card issuer, the Company shall be deemed not to have accepted the payment and this policy shall be void. I also understand that if I authorize a credit card transaction for any payment other than the initial payment, this policy will be subject to cancellation for nonpayment of premium if the Company is unable to collect payment from the card issuer. The Company is deemed "unable to collect" in the following instances: (1) when I reach my credit limit on my credit card and the card issuer refuses the charge; (2) when the card issuer cancels or revokes my credit card; or (3) when the card issuer does not pay the Company, for any reason whatsoever, upon the Company's request.
- [The Company may obtain information, including vehicle history information, from third parties. I understand that this information may affect my policy premium or could result in a policy declination, cancellation, or nonrenewal.](#)
- I acknowledge that insurance prices [may vary based on how I buy \(e.g., mobile, tablet, phone, agent, etc.\)](#) ~~and products are different when purchased directly from <XXXXXXXXXX> or through agents/brokers.~~

Other charges

I understand that I will be charged a [<ARB-CNCL-FEE-AMT>](#) fee if, during the initial policy period, I cancel this policy for any reason or the Company cancels it due to my failure to pay any premium when due. This fee is in addition to any premium the Company has earned for the coverage provided by this policy and may be deducted from any refund to which I am entitled. When I renew this policy, I understand that the Company will waive any fees that may apply to the renewal policy.

I agree to pay the installment fees shown on my billing statement that become due during the policy term and each renewal policy term in accordance with the payment plan I have selected. I understand that the amount of these fees may change upon policy renewal or if I change my payment plan. Any change in the amount of installment fees will be reflected on my payment schedule.

I understand that a returned payment fee of <ARB-NSF-SERVICE-FEE> will be assessed to the balance due on my policy if any check offered in payment is not honored by my bank or other financial institution. Imposition of such charge shall not deem the Company to have accepted the check unconditionally.

I agree to pay a late fee of <ARB-LATE-FEE> when the payment for the minimum amount due is not received or postmarked by the premium due date. The amount of this fee may change upon policy renewal.

I understand that a filing fee of <1\$XXX.XX> will be charged to the policy if any driver on the policy has an SR22 filing issued by the Company.

I understand that Massachusetts law requires that every insurer offer twelve-month term private passenger motor vehicle insurance policies at the customer's option. A six-month term policy is shorter than a twelve-month term policy. If this policy is for a six-month term, the premium shown above is half as much as the premium for a twelve-month term policy that starts on the same initial effective date. The renewal premium for each additional six-month term will be based on the rates in effect for the insurance company on the renewal effective date.

Such information includes the description and the place of garaging of the vehicle(s) to be insured, the names of all household members and customary operators required to be listed and the answers given above for all listed operators. We may also limit our payments under Part 3 and Part 4. Check to make certain that you have correctly listed all operators and the completeness of their previous driving records. We may verify the accuracy of the previous driving records of all listed operators.

We will not pay for a collision or limited collision loss for an accident which occurs while your auto is being operated by a household member who is not listed as an operator on your policy.
