

FLOOD TOOLS AVAILABLE FOR AGENTS

SELECTIVE'S TOOLS HELP YOU WRITE MORE FLOOD BUSINESS

Flood insurance gives your customers the protection they need at a price that's right for them.

Selective offers you the tools to target new prospects and nurture your current customers, whether their property is in a high-risk flood area or rarely floods at all. These tools, combined with our superior service, dedicated underwriting teams and in-house claims operation, help show you how committed we are to serving both you and your flood customers.

▶ **SELECTIVEFLOOD.COM**

A one-stop shop. Here you can manage your customers' policies and find claim reporting, manual changes and helpful links to many additional tools, such as:

- ◆ **Live Chat** – an online tool to help you manage flood business more quickly and efficiently. Simply chat live with Selective's flood team while logged into our system or from our direct link tool.
- ◆ **Excess Flood** – integrated right into Selective's flood system, you can easily quote and bind excess flood coverage for those who need protection above the National Flood Insurance Program thresholds.
- ◆ **Digital Download** – compatible with most agency management systems, Selective's digital download feature provides you streamlined access to policy documentation, commission statements and more.

- ◆ **ITV Calculator** – quickly calculate the estimated replacement cost on Residential Condominium Building Association Policies (RCBAP), to help reduce your agency's exposure to potential E&O claims. Whether on new business or renewals, this ITV calculator helps ensure your customers don't suffer from co-insurance penalties due to being underinsured.
- ◆ **Elevation Certificates** – easily accessible and affordable. Selective has established a relationship with an experienced professional engineering firm giving you the ability to order competitively priced elevation certificates (EC) quickly and easily.
