# ITS Fiber in the Community

---

## ITS Fiber Helped Sponsor the Indiantown Education Coalition Luncheon

ITS Fiber was a table sponsor for the Indiantown Education Coalition Luncheon, held on February 21st in the Indiantown Middle School, Media Center. Business partners, educators and community members were invited to hear Indiantown Middle School band and Warfield Elementary School choir students perform, and to listen to the success stories of previous scholarship recipients and learn more about the organization.

ITS Fiber staff attended the lunch and we also donated three raffle basket/items to the event's annual Gift Basket Drawing.

The Indiantown Education Coalition focus is to motivate students to stay in school, and set their sights to pursue college or post secondary training. Members of the Indiantown Education Coalition raise funds throughout the year to support:

- Scholarships to Indiantown students
- Classroom grants for educational enrichment
- Teacher training and development
- Specific academic, artistic, or athletic needs for individual students to succeed

## ITS Fiber Sponsored 34 Indiantown 4H Students Livestock Projects

Each year, Indiantown 4-H Students show and sell market livestock animals at the Martin County Fair. This year's fair was held February 14th-22nd. ITS Fiber gave each Indiantown 4H participant a monetary donation to help offset some of the expenses incurred by the family for buying and raising their animals.

The children spent most of the summer caring for their steer or swine. Some of these responsibilities include feeding and carrying for their livestock, practicing their showmanship techniques, and maintaining project records.

Any profit for the students after expenses are often deposited into a savings account and used later to buy a car or go to college.

## ITS Fiber receives "thank you" from Hope Rural School students

ITS Fiber was pleasantly surprised last month by an unexpected "Thank You." The children of Hope Rural School showed their appreciation by sending the staff at ITS Fiber a hand-made card. We love to hear from our customers – even the smallest ones!

Hope Rural School

*"Dear ITS,*

*Thank you for providing internet for us. Thank you for always making sure the internet is working. If we didn't have you we wouldn't be able to do research for homework. We appreciate your hard work.*

*Much love,  
From the students from Hope Rural School"*
