

### Why Upload Speed Matters

The future of the Internet is sharing – from capturing Instagram-worthy meals to enjoying video chats with friends – and ITS FIBER'S unmatched upload speeds make that future a reality.

Click link below to see just few reasons why your internet upload speed matters and why ITS FIBER'S reliable, fast symmetric internet with the equal upload and download speeds (i.e. 200/200) will make your life easier:

## ITS Fiber in the Community

### ITS Fiber Helped Support The Boys & Girls Clubs of St. Lucie County Teen Summit

ITS Fiber, helped educate children during The Boys & Girls Clubs of St. Lucie County Teen Summit at Indian River State College on June 27th.

The Teen Summit is an annual event that was created in support of the BGC's mentoring initiative. The goal is to educate the children about the numerous job and career opportunities that are available to them locally.

The Summit included motivational speakers, breakout sessions, tours and a fashion show. Participants learned about: Their Personal Brand, Adulting, Career Readiness, Reality Check and Financial Aid & Scholarships.

Lesley Driver, Lead Creative Designer, talked about her job at ITS Fiber, what skills and education is needed to be successful in the graphic design industry, and the typical duties a designer is tasked with. She also showed the children samples of her design work.

During the breakout session, ITS Fiber and 30 other businesses had table displays set up where children and adults could walk around and ask questions.

About 150 teens, ages 13 and up, attended the event.

**BGC in Indiantown**

## ITS Employee Spotlight

### Cesar Garcia joins ITS Fiber as Systems Administrator in the IT Department.

Cesar has over 20 year experience in IT with 15 years of them being with Medco Health Solutions/ Liberty Medical in Port Saint Lucie.
