Dear Mike,

We went live with your Sonavision Live Monitored Video just 2 weeks ago and it has already paid dividends for us. In the very early hours of Saturday morning, someone broke into our tire compound. Your system detected this breach immediately, the Red Deer RCMP were dispatched and our thief was arrested only a few minutes later!

Please send our thanks to the Red Deer RCMP, the 911 operators and your Sonitrol monitoring personnel for their excellent teamwork and coordination.

We went with your Sonavision Live Monitored Video in large part due to all of the successful captures you have had at the dozens of other Kal Tire sites you protect... and I am glad to be adding to those testimonials today.

Again, a huge Thank You to the Red Deer RCMP and Sonitrol for a job well done!

Sincerely,
