The following are **content additions** or revisions to the existing text:

Insurance Regulation

A. Licensing

3. Maintenance and Duration

Continuing Education

Providers of CE courses must send a certification of course completion to the CE Administrator, as well as to each individual producer who successfully completed an approved course within 30 business days after the course completion.

A producer who successfully completes an approved course **may not repeat** the course and receive certification within **2 years** of its original completion.

Multi-line producers who do not wish to complete the required 8 hours in each line of authority must submit a request in writing to the Department to **cancel the line(s) of authority** in which they do not wish to complete the required hours. All producers are still required to complete a total of 24 hours of CE, including 3 hours of ethics.

Reinstatement – *minor revisions*

A producer who allows the license to lapse for failure to comply with the continuing education requirements may reinstate the same license within **6 months** if the continuing education requirements have been met, and the required penalty fee of \$50 has been paid. Failure to comply with the CE and recordkeeping fee requirements will result in license revocation and appointment cancellation.

A licensed insurance producer who is unable to comply with license renewal procedure due to **active military service** or some other extenuating circumstance (such as an illness or catastrophic events beyond the control of the producer) may request a **hardship waiver** of those procedures. The producer may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.
