From the ground up

Dreaming of transforming that outdoor area into a lovely, livable oasis? A clever expansion and thoughtful infrastructure upgrades your backyard fantasy into a show-stopping space. Pool to patio has never looked more inviting than with a two-level expansion that's entertainment-ready from top to bottom. Poolside, Mista permeable pavement stones are an easy-care replacement for grass that also eliminate water accumulation.

Al fresco dining

You'll never have too many chefs in the kitchen when entertaining in a family functional outdoor cuisine. When planning your outdoor kitchen placement, make sure its close to the house entrance. This will minimize the distance and travel time from A to B, allowing you to spend more time with your guests.
