

É o fim da era das concessionárias?

Crise do Estrume de Cavalo de 1894

100.000 cavalos em NY e Londres

1 cavalo produz de 7 a 15kg de estrume e 1L de urina por dia

Cavalos mortos eram deixados nas ruas por vários dias

O London Times previu em 1894 que em 50 anos cada rua da cidade estaria coberta com 3m de estrume

Company type	Example companies	Description	Flexible destination/return?
Operator car sharing		Offers a fleet of cars with fixed parking spots that can be rented by the hour	
		Offers a 'floating' fleet of cars that can be located on an app and rented for one-way trips within defined city centers	
On-demand ride-hailing		Matches private drivers with passengers for intra-city trips on demand	
		Matches licensed taxis with passengers through a mobile app	
Peer-to-peer car sharing		Peer-to-peer marketplace that matches car owners with renters on an hourly basis	
		Peer-to-peer marketplace allowing car owners to rent out their vehicles from airport parking, mainly competing with car rentals	
Peer-to-peer ride sharing		Matches drivers with passengers for intercity drives	
		App-based matching of pre-booked commutes with people working in the same area	

Porcentagem de motoristas com habilitação
