# Viaccess-Orca to Showcase Its Voyage-TV Everywhere Solution and Connected Sentinel Player at ANGA COM 2015

**PARIS — May 29, 2015** — Viaccess-Orca, a global leader in the protection and enhancement of content services, will demonstrate how content service providers can deliver the ultimate content experience to viewers on multiple devices at ANGA COM 2015, one of Europe's premier exhibitions and conferences for the broadband, cable, and satellite industries.

**THE NEWS:** Attendees that meet with Viaccess-Orca will get a live demo of the company's Voyage end-to-end multiscreen [TV Everywhere](#) solution delivering live, VOD, and catch-up TV on a smartphone, an Android™ tablet, an iPad®, and a PC, for the newly launched multiscreen service of Telekom Romania ("Telekom TV"). Voyage comprises content protection, digital rights management (DRM) including a secure player, unified service delivery platform, content discovery and recommendation platform, and front-end applications.

Viaccess-Orca will also demonstrate how Israeli satellite provider yes and Norwegian operator [TV2](#) are using its [Connected Sentinel Player](#) for TV Everywhere apps. The downloadable, secure player protects VOD and live TV content on Android and iOS devices. Connected Sentinel Player supports Microsoft® PlayReady® as well as Viaccess-Orca's proprietary DRM, approved by all major Hollywood studios, integrated with media playback technology by VisualOn's OnStream® MediaPlayer+.
