Uninstallation	16

Installation

01.1

Prerequisites

Recommended hardware and standard software configuration for Minit v4.5 – Enterprise edition - Client.

CPU 2 cores

RAM 4 GB

HDD SSD hard drive

Operating System Windows 10 - 64bit edition

Other standard software .NET 4.7.1

Screen resolution Minimum - 1280x768
Recommended - 1920x1080

To install Minit v4.5 please, download the installation package and save it to your hard drive.

To start the installation, run the downloaded installation package **Enterprise Client Installation 4.5.exe** and follow the steps below.

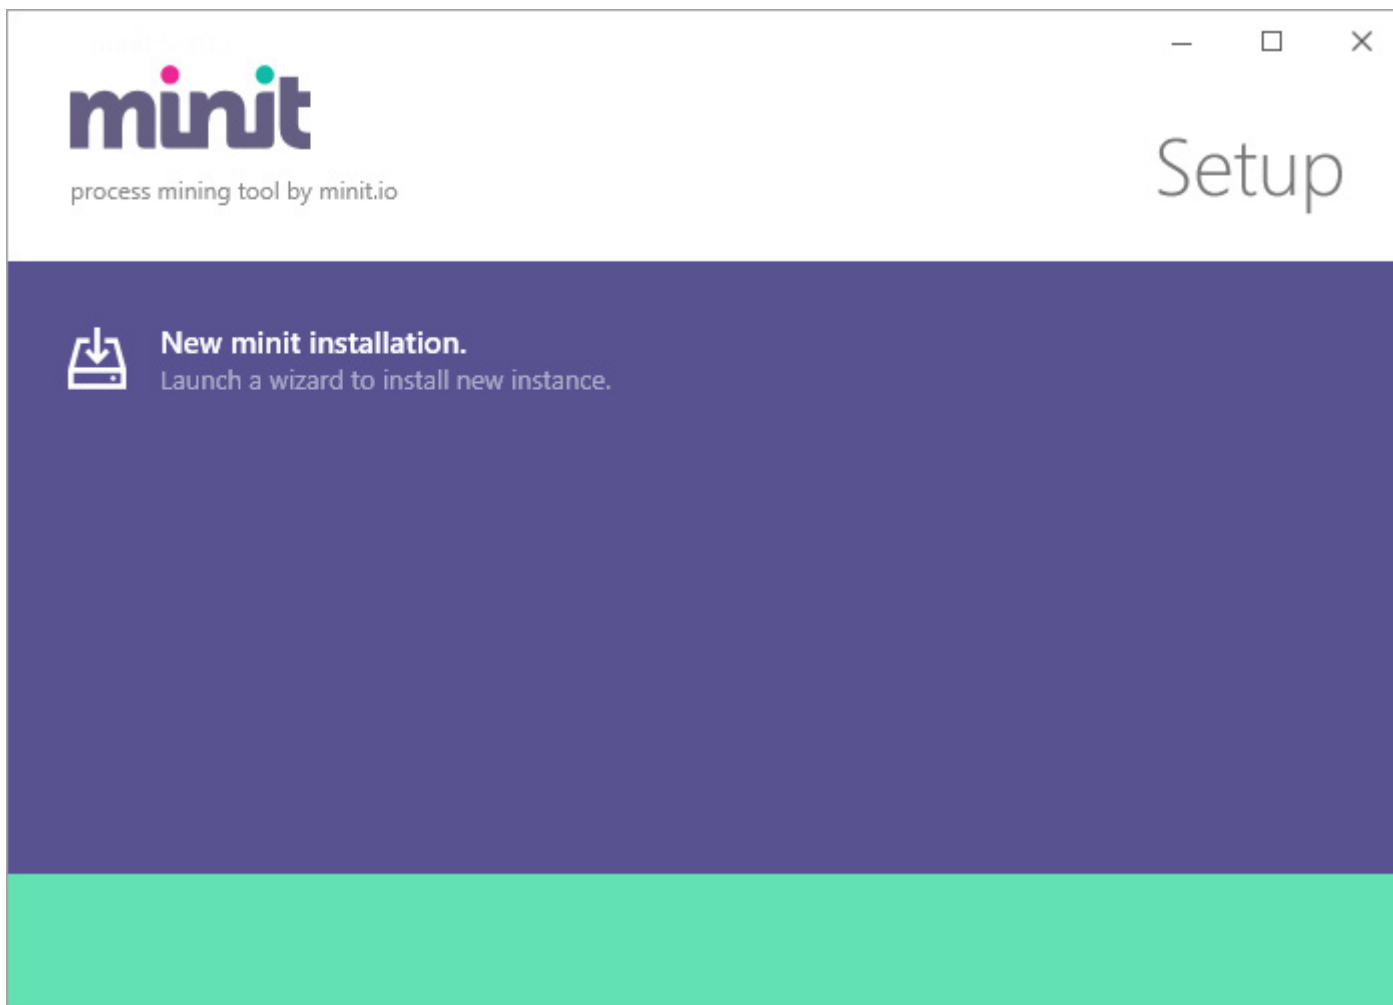

Minit will install under the credentials of the currently logged-in user. Please keep in mind, that only the currently logged-in user will be able to run and use Minit.

To use Minit v4.5 Enterprise edition – Client, a corresponding Minit v4.5 Enterprise edition – Server is required. Please ask your administrator to provide the server address and login credentials.

If you are installing a trial version client application which will connect to Minit v4.5 Cloud server, corresponding connection parameters have been provided with the link to download the installation package. If not, please contact Minit support team at support@minit.io.

01.2

Choose the New Minit installation option.

01.3 Installation

minit
process mining tool by minit.io

Setup

Features:

- Minit Light Client Version
 - Minit Light Client
 - Shortcut LightClient

Features description:

Installs the light version of the Minit application. The user can connect to the on-premises or cloud-based Minit enterprise server.

Volume	DiskSpace	Required	Remaining
C:\	112.74 GB	0.11 GB	112.63 GB

Previous Install

Please accept the end user license agreement.

01.4 Installation

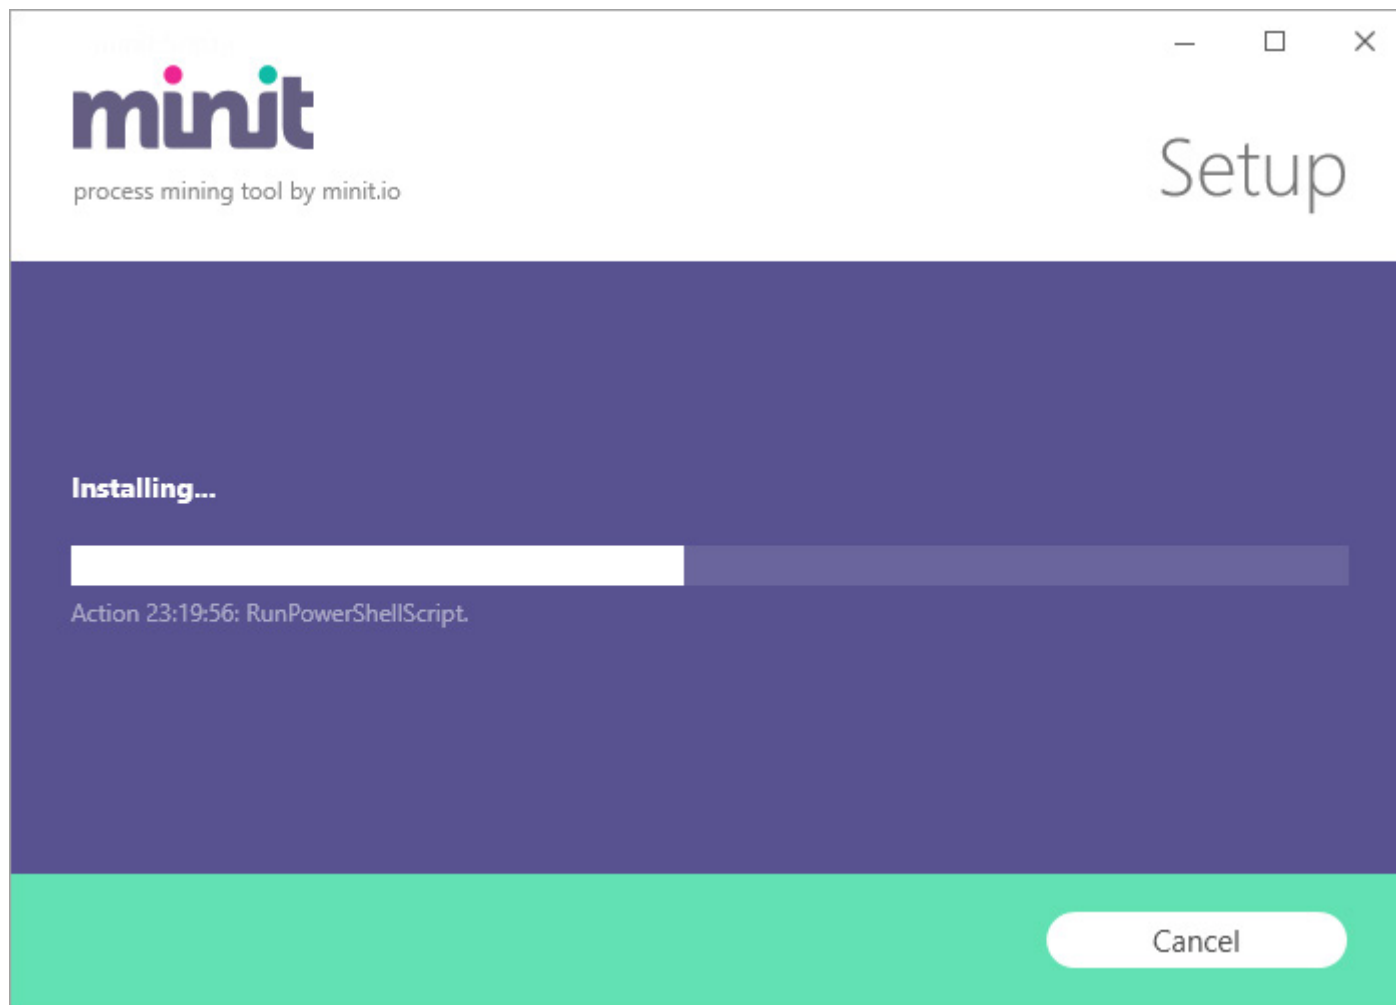

The screenshot shows the Minit Setup window. At the top left is the Minit logo and the text "process mining tool by minit.io". At the top right are window control buttons and the word "Setup". Below this, there are two columns: "Features:" and "Features description:". Under "Features:", there are three checked items: "Minit Light Client Version", "Minit Light Client", and "Shortcut LightClient". The "Features description:" text reads: "Installs the online client application of minit, allowing the user to connect to on-premises or cloud based minit enterprise server(s).". Below this is a table showing disk space requirements.

Volume	DiskSpace	Required	Remaining
C:\	109.1 GB	0.15 GB	108.95 GB

At the bottom of the window, there are two buttons: "Previous" and "Install".

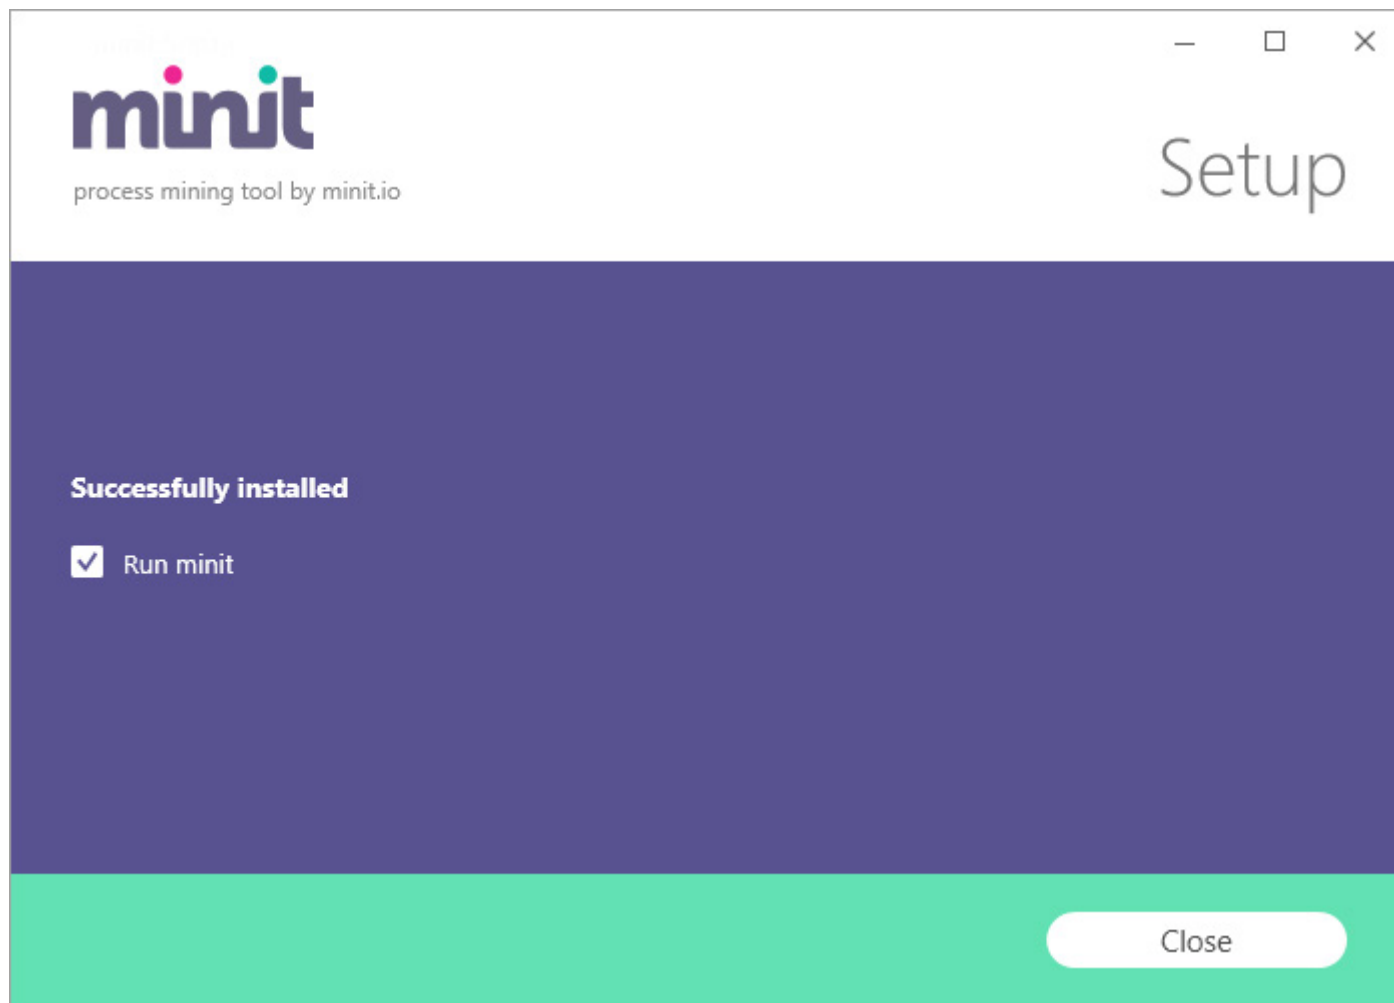

Minit installation location will be chosen automatically.

01.5 Installation

Minit will keep you informed on the installation progress.

01.6 Installation

Congratulations! You have successfully installed Minit.

If any issues occur during the installation, Minit will automatically create log files. Please save these files and include them when contacting Minit Support at support@minit.io.
