MicroEdge® SUPER SINGLE LE,
Stainless Steel
Faucet: BLANCO ALTA™, Chrome

History of BLANCO

1925

Heinrich Blanc started Blanc & Co. in Oberderdingen and began the production of tin plated copper containers.

BLANCO converted its entire production range to pure aluminum.

1930s

The company's finest hour came with the production of sinks made from stainless steel.

1951

The 4 millionth sink came off the production line. Innovations in the range of products continued.

1960s

1970s

5 millionth sink unit was exhibited, workforce increased to more than 2,000 employees.

BLANCO begins production of coloured sinks made of the composite material known today as SILGRANIT®.

1981

25 millionth sink was produced. Second SILGRANIT® manufacturing facility is established in Toronto, Ontario, Canada.

1995

2005

BLANCO STEELART® sub-brand is introduced.

50 millionth sink is manufactured in Germany. BLANCO Canada expands manufacturing facility to support growing demand.

2014

BLANCO celebrates 20 years in Canada, 90 years worldwide.

2015

BLANCO CANADA MANUFACTURING PLANT
Toronto, ON

BLANCO CANADA HEAD OFFICE
Brampton, ON

BLANCO CANADA is headquartered in Brampton, Ontario. BLANCO SILGRANIT® manufacturing facility located in Toronto, Ontario is one of the only two SILGRANIT® productions worldwide.

About BLANCO

Family-owned since 1925, BLANCO's humble beginnings included the production of copper galvanized parts for cookers with a team of 30 loyal employees. Today, with 90 years of experience in kitchen workstation design and manufacturing, BLANCO is recognized worldwide for design leadership and quality craftsmanship. From finely detailed, handcrafted STEELART® stainless steel sinks, and the natural warmth and beauty of SILGRANIT®, to the elegant artistry of BLANCO faucets, BLANCO products are celebrated worldwide for their unmatched quality, German Engineering and European Design. MADE IN CANADA and engineered in Germany, BLANCO SILGRANIT® is Canada's leading coloured sink material, a unique and durable granite composite that comes in more than 200 models and seven colours.

BLANCO
STEELART

Who needs to see everything, when little details speak for themselves?

A first glance, a simple touch. That is usually all it takes to gain a first impression. Sometimes the little details, sometimes an overall impression reveal a unique character. But how do you turn first impressions into an endless source of unforgettable moments? It is a question that our artisans in the STEELART® production environment answer every day while creating unforgettable moments. Individual masterpieces are handcrafted to perfection. From the initial idea to the finishing touch. The result: why not turn the page and gain your own first impressions.

BLANCO STEELART®

Kitchen Design at its finest.

BLANCO PRECISION™ Zero-Radius Corners

BLANCO PRECISION™ undermount and MicroEdge® sinks feature zero-radius corners and angular bowl geometry. Artisans achieved, perfect to admire, finished to perfection - handcrafted masterpieces.

BLANCO RADIUS™ 10 10 mm Radius Corners

BLANCO RADIUS™ 10 - pioneered by BLANCO, 10mm Radius Corners feature elegant slightly rounded 10mm seams that are smooth to the touch. The perfect balance of clean architectural design, modern style and function.

'X' Pattern

Design features a striking 'X' pattern drain groove that helps to remove water quickly from the sink. It also provides a design feature, continuing the function and superior beauty of the STEELART® products.

MicroEdge®

Several BLANCO PRECISION™ models are available with MicroEdge® ultra-fine rims for a virtually seamless appearance and elegant flushmount look. Another innovation from STEELART® technology.

Luxurious Finish

BLANCO STEELART® products are manufactured with a luxurious, satin polish finish. The shine, beauty and craftsmanship are reflected in STEELART® sink surfaces.

BLANCO
STEELART

BLANCO
STEELART

BLANCO STEELART®

Kitchen Design at its finest.

Discover how our STEELART® portfolio transforms something simple into something extraordinary. Each STEELART® sink is superbly handcrafted from a single panel of premium-quality 304 series, 18-gauge stainless steel with 18/10 chrome-nickel content in small product runs. With a luxurious, satin polished finish and unmatched attention to detail, our STEELART® sinks add extraordinary style, precision, quality and passion for perfection to kitchen design.

BLANCO ATTIKA™

Elevated Elegance.

Sink: BLANCO ATTIKA™, Stainless Steel
Faucet: BLANCOCULINA™, Chrome
Accessory: Walnut cutting board

The innovative STEELART® top-mounted bowl with the elegant and exclusive BLANCO ATTIKA™ frame appeals for its filigree yet solid looks and gentle contours. BLANCO ATTIKA™ features a special elevated rim and generously proportioned hand-made bowl with user-friendly depth of 10" (175 mm). Its solid yet delicately formed 10 mm radius corners will appeal to those who appreciate pure and efficient design. BLANCO ATTIKA™ will delight architecturally-minded planners and builders in particular but will also be appreciated by individuals who take pleasure in exceptional accent items. As a part of the STEELART® brand, BLANCO ATTIKA™ sinks are made to perfection. Made in Germany, all STEELART® sinks are manufactured in small production runs using superior design and engineering techniques.

BLANCO Stainless Steel Sinks

Classic. Timeless. Beautiful.

Sink: BLANCO ANDANO™ U MEDIUM SINGLE, Stainless Steel
Faucet: BLANCO URBENA™, Chrome **NEW**
Accessory: BLANCO CapFlow™ strainer cover

BLANCO Stainless Steel Sinks

Classic. Timeless. Beautiful.

With over 90 years experience in kitchen technology, design and manufacturing, BLANCO offers the ultimate in stainless steel quality and craftsmanship. Made from premium quality 304 series, 18/10 chrome-nickel Stainless Steel and precision-engineered in Germany to exacting standards of quality and design, BLANCO premium sinks are made to last a lifetime.

Quality and Beauty

BLANCO premium sinks are made from superior quality stainless steel with 18/10 chrome-nickel content; 18% chrome for exceptional lustre, durability and protection from corrosion and 10% nickel content for ultimate hardness and strength. BLANCO stainless steel sinks will keep its brilliance and value for decades.

Durability

Stainless steel is impervious to water stains and calcium deposits and easy to maintain. It does not rust, is non-porous and is stain resistant. BLANCO stainless steel is absolutely heat resistant. Long periods of sunlight will not change the colour or structure of this material. All BLANCO sinks carry a Limited Lifetime Warranty.

Design

BLANCO stainless steel selection offers a wealth of design options and product features. Rounded or tight corners, different bowl depths, sinks shapes and configurations – you can discover them all. Product features such as rear-positioned drain holes, radius corners or convenient top mounted options are part of the BLANCO stainless steel product expertise.

Accessories

Accessories play an important role in BLANCO's stainless steel product offering. Sink grids, cutting boards, workstations, mechanical pop-up strainers, baskets and colanders are value added finishing touches. They are all offered with many BLANCO stainless steel sink models for the ultimate experience and practicality in your kitchen.

BLANCO ANDANO™

Symphony in stainless steel.

Sink: BLANCO ANDANO™ U 2,
Stainless Steel
Faucet: BLANCO URBENA™, Chrome **NEW**

BLANCO ANDANO™ collection is the winner of the prestigious RedDot Design Award. Its elegant lines offer a modern and fresh look for the kitchen. Gently curved corners with beautiful surfaces deliver a unique look, emphasizing the importance of the sink in the overall kitchen design. BLANCO ANDANO™ series is a perfect example of BLANCO's passion for quality, design and German engineering. BLANCO sinks and faucets are supported by a limited lifetime warranty.

Evolution of material.

Easy to clean

Scratch resistant

Heat resistant

Impact resistant

Hygienic

Acid resistant

Beauty and design

Natural smooth surface

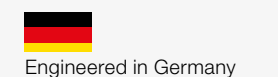

Non-fading

SILGRANIT® - the material evolution and legacy continues. Over 30 years ago, BLANCO began SILGRANIT®'s development and manufacturing. Today, SILGRANIT® is the world leading coloured kitchen sink choice.

SILGRANIT® is a patented material made of natural granite (up to 80%) that combines the textural beauty of nature with a smooth look and feel. Its strength and durability are achieved thanks to high-quality acrylic bonds. With new, smoother, natural surface that is easier to clean, the material delivers ultimate results. The non-porous surface with its repellant nature does not allow stains or acids to penetrate inside the sink's surface.

SILGRANIT® offers exceptional resistance to scratches, heat and impact allowing all the heavy kitchen work to be done right at your sink. The material can withstand up to 280°C (536°F) – the resistance exceeds common boiling, baking or broiling temperature levels. It also endures extreme temperature fluctuations between hot and cold. Furthermore, SILGRANIT® is hygienic and food friendly – the repellant surface features the patented Hygienic+Plus protection formula that does not absorb bacteria or odours, and reduces the relevant bacteria growth by up to 98%. To ensure the product beauty is preserved, SILGRANIT® material is non-fading.

Welcome to the next generation of SILGRANIT®.

BLANCO PRECIS™ Dual-mount

Ideal for small kitchens: BLANCO PRECIS™ W/ DRAINBOARD can be extended by the movable drainer grid.

The easy-to-use sink with drainboard offers plenty of space for essential kitchen needs.

Thanks to the clever design of bowl and sink ledge, the BLANCO PRECIS™ W/ DRAINBOARD is also perfect for installation in front of a window.

BLANCO PRECIS™ W/ DRAINBOARD offers a modern wavy design of the drainer and grid. They beautifully complement each other.

The drainer grid is included with the sink and can also be used as a rack for hot pots and pans.

BLANCO PRECIS™ W/ DRAINBOARD has a generous compact size and can be reversible for topmount or undermount installation.

BLANCO PERFORMA™

Indulge in the performance, function and beauty.

Sink: BLANCO PERFORMA™
CASCADE, SILGRANIT®, Metallic Gray
Faucet: BLANCO URBENA™,
Chrome/ Metallic Gray **NEW**
Accessories: BLANCO CapFlow™
strainer cover and Mesh Basket

BLANCO PERFORMA™ series – indulge in the ultimate performance of this colourful, functional and sleek collection. BLANCO PERFORMA™ sinks make kitchen work enjoyable. With unique shapes and low 6" divide, you have options to rest the long-handle pots or large pans effortlessly in the sink. Also, BLANCO PERFORMA™ sinks offer the cascade feature with mesh basket for a functional prep area or two equal sink bowls for the ultimate experience. Made in Canada, engineered in Germany, BLANCO SILGRANIT® sinks are exceptionally resistant to heat, stains, scratches, impact and acids. BLANCO PERFORMA™ sinks can be matched with a variety of BLANCO kitchen faucets offered not only in popular finishes such as chrome and stainless, but also with a large selection of SILGRANIT® colour-match and dual finish faucets. BLANCO sinks and faucets are supported by a limited lifetime warranty.

BLANCO PERFORMA™

BLANCO VISION™

Proudly Canadian products in your kitchen.

Sink: BLANCO VISION™ U 2, SILGRANIT®, Cinder
Faucet: BLANCO TORINO™, Cinder

BLANCO VISION™ series is proudly manufactured in Canada and engineered in Germany, utilizing European styling, technology and function. Slight curves, generous choices of bowl configurations and undermount / topmount options make this collection another attractive SILGRANIT® product choice - exceptionally resistant to heat, stains, scratches and acids. With a variety of non-fading SILGRANIT® colours including the trending Metallic Gray and Biscuit, this collection can also be accessorized with BLANCO accessories such as sink grids, baskets and CapFlow™ Covers. BLANCO VISION™ sinks can be matched with a variety of BLANCO kitchen faucets offered not only in popular finishes such as chrome and stainless, but also with a large selection of SILGRANIT® colour-match and dual finish faucets. BLANCO sinks and faucets are supported by a limited lifetime warranty.

BLANCO CERANA™ FIRECLAY Apron Sink

Authentic, Unique, Beautiful and Versatile.

Sink: BLANCO CERANA™, FIRECLAY, Ceramic White
Faucet: BLANCO HARMONY™, Chrome

Whatever your style, our BLANCO CERANA™ sink tells a unique story. The first fireclay sink with a reversible design and two different corner styles, BLANCO CERANA™ allows for either a contemporary or traditional decor installation. Its handcrafted finish offers a lustrous surface. Our German engineering is the foundation for its innovative bowl bottom, which allows water to drain easily from the sink base and corners. Like all BLANCO products, the durability of BLANCO CERANA™ is unmatched.

Sink Features

- Apron sink
- Centre drain location
- 3½" (90mm) Stainless Steel strainer included
- No template or DXF file provided, recommend use of sink
- Installation to be determined by counter fabrication
- Limited Lifetime Warranty

Special Installation Instructions

A custom sink base and support system are required for installation of this sink. The cabinet area beneath the sink **MUST** be reinforced to provide sufficient support. Wood or metal support frame for the sink must support 400 lbs (182 kg).

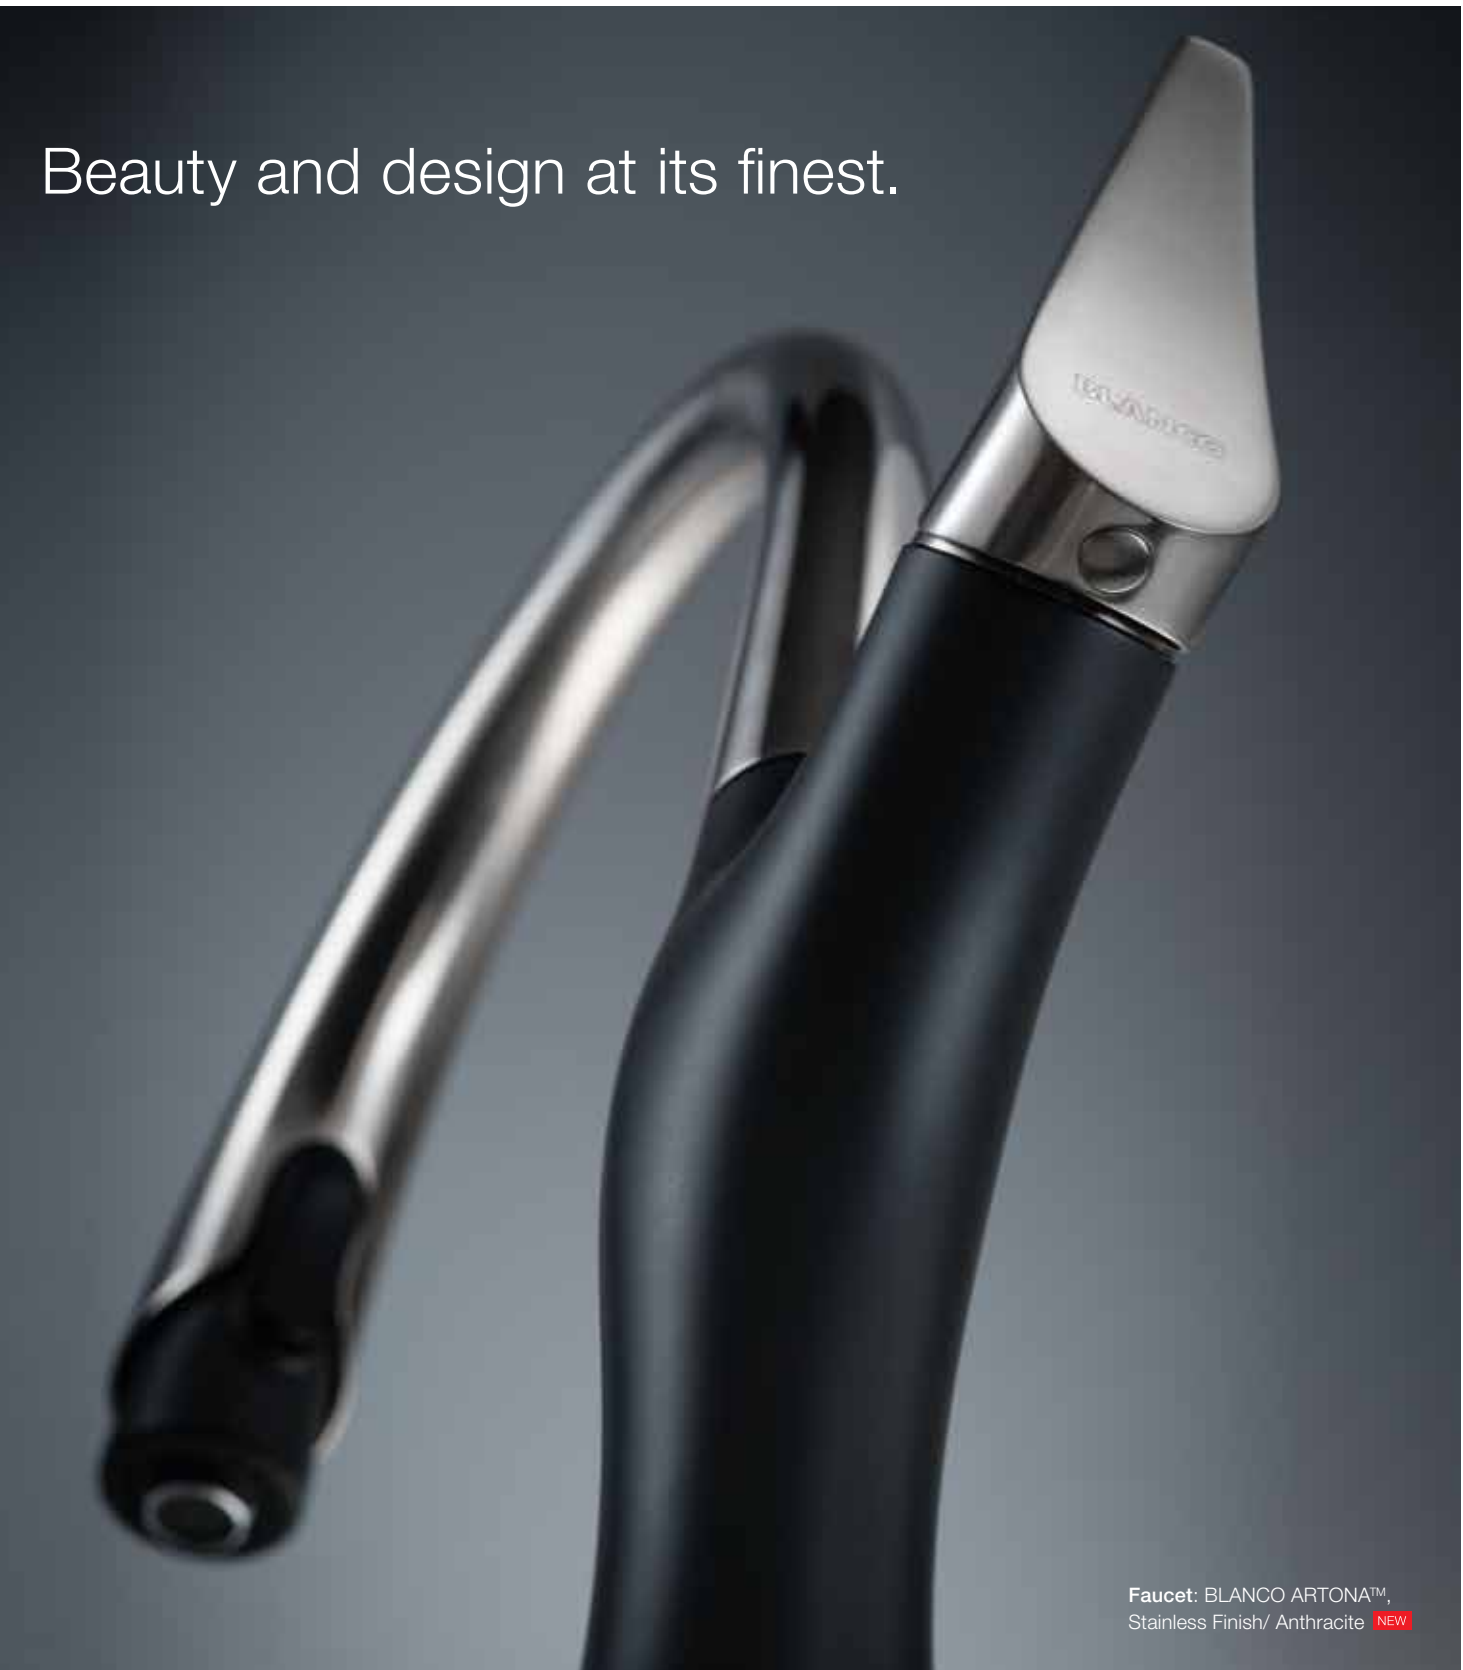

Our unique, reversible design adds versatility to your décor.

* Depending on cabinet construction, a different cabinet size may be required. Consult the cabinet manufacturer. See page 152 for important installation information.

BLANCO Faucets

Envy. Desire. Experience it all.

Beauty and design at its finest.

Faucet: BLANCO ARTONA™, Stainless Finish/ Anthracite **NEW**

BLANCO Faucets

Quality and design down to the last detail.

Premium quality

BLANCO faucets are made of solid brass construction. Handsprays are fully insulated to protect hands from heat.

Ceramic cartridges

BLANCO faucets include high quality ceramic cartridges that are long lasting, smooth in operation and pressure resistant.

Ease of installation

All BLANCO faucets are equipped with colour-coded, flexible braided stainless steel inlet hoses for ease of installation.

Cleaning convenience

Many faucets include our patented silicone nozzles - you can rub the nozzles with your finger tip to prevent lime scale deposits from buildup.

Function

Dual spray pattern and magnetic holder on selected faucets provide convenience in the kitchen.

Hidden pull-down sprayhead

Selected models are available with the hidden sprayhead feature. Their unique, hidden pull-down sprayhead designs bring style and function to the kitchen.

Convenience

BLANCO faucets offer pull-out and pull-down handsprays for extended reach and function benefits.

Matching Soap Dispensers

BLANCO faucets are supported with a wide selection of matching soap dispensers.

Award winning designs

BLANCO faucets are continuously awarded for their outstanding designs worldwide.

NOTE: All BLANCO faucets require the same size, 1 3/8" diameter drilled faucet hole. All faucet parts that are required for installation are included in the faucet packaging.

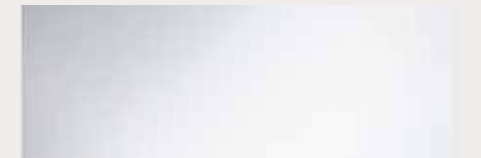

* Guaranteed for Life. See page 154 for full warranty information.

BLANCO Faucets

Extraordinary finishes only from BLANCO.

BLANCO presents an exclusive product range of high-quality faucets to enhance and complement the full spectrum of our stainless steel and SILGRANIT® kitchen sinks. BLANCO faucets are created with superior materials, European designs and award-winning looks. BLANCO faucets offer a wide selection of long-lasting, distinct finishes. Exclusive to BLANCO, our kitchen faucets are available not only in chrome and stainless variation but also in SILGRANIT® matching colours. Our metal-look finishes include Chrome with its beautiful, shiny properties, Stainless Finish (PVD) with its slightly softer variation of stainless look and Classic Steel that provides the rich, deeper finish of stainless beauty. Our faucet finishes can be easily paired with BLANCO SILGRANIT® sinks with the selection of SILGRANIT® colour-match or dual finish faucets – a combination of Chrome and SILGRANIT® colour-match, or combination of Stainless Finish and SILGRANIT® colour-match. With over 100 shapes, sizes and colour combinations, BLANCO faucets are supported by a variety of matching Bar / Prep and Beverage faucets and Soap Dispensers. All BLANCO faucets feature a Limited Lifetime Warranty on mechanical components, finish, handspray and hoses.

BLANCO Accessories

Never before has function looked so fabulous.

Accessory:
BLANCO QUATRUS™ Gourmet Series:
Workstation

BLANCO Accessories

Function and European design.

A wide range of custom accessories complement BLANCO kitchen sinks, offering added convenience and style. BLANCO accessories are available for both undermount and topmount sinks, as well as stainless steel or SILGRANIT® models. BLANCO accessories offer the highest quality in material and workmanship and are customized to fit your sink model.

Custom-fitted grids

Custom-fitted stainless steel bottom grids offer protection for your sink from dishes and utensils. An opening in the grid allows easy access to the drain. Stainless steel grids can be washed in the dishwasher. These heat-resistant grids can also be used on countertops.

Colanders

A variety of stainless steel colanders allow for rinsing and draining pasta or vegetables right in the sink.

Crockery baskets

Crockery baskets fit right into the sink to hold dishes and glasses for draining. Their sectional design allows the inside dish rack to be removed creating a basket with a large flat bottom, which can then be used to carry, wash and drain vegetables.

Mesh baskets

Mesh baskets are available for selected sinks. Prep work just got easier. Our collection of stainless steel mesh baskets allows for easy rinsing of fruits, vegetables or cutlery.

Cutting boards

A wide variety of quality cutting boards are available. Browse through a selection of maple, ash, beech and walnut cutting boards that are designed to complement BLANCO sinks.

BLANCO QUATRUS™ Gourmet Series

Rethink the Sink

Smart and innovation sink solution. Where function meets style and practicality

BLANCO QUATRUS™ Gourmet Series provides you with a fresh approach to daily life in the kitchen. It not only complements our QUATRUS™ sinks but also works with them to make your life easier. BLANCO QUATRUS™ Gourmet Series allows customizing your sink for your individual lifestyle needs with the Ash Cutting Board, Multilevel Grids and Sink Workstation. Rethink the Sink with our BLANCO QUATRUS™ Gourmet Series.

BLANCO SOLON™
Compost System

* Inset model shown

Beautiful, inside and out. Say hello to the award-winning BLANCO SOLON™ Compost System.

We've made it easier than ever to incorporate green living into your life. BLANCO SOLON™ Compost System is created from the highest grade recycled stainless steel, effortlessly collecting organic waste from egg shells to coffee grounds, beneath the counter and out of sight. Simple to clean and dishwasher safe, this eco-friendly solution is the winner of the prestigious international iF Product Design Award, so you never have to sacrifice style for sustainability. Welcome the BLANCO SOLON™ Compost System into your home, and enjoy the beauty of BLANCO inside and out.

Can be installed as topmount or inset

Simple to clean and dishwasher safe, BLANCO SOLON™ Compost System removes easily from your counter for emptying and cleaning.

BLANCO SOLON™ Compost System traps odours inside and integrates seamlessly with the counter, so you hardly know it's there.

BLANCO SOLON™ COMPOST SYSTEM

Specifications

- Ideal for food wastes, the BLANCO SOLON™ stainless steel bin can be conveniently installed in any space
- Inset or topmount installation
- Frame, lid and 7 litre bin made of high-grade stainless steel

Selecting and installing a BLANCO sink and faucet

The best time to select a sink and faucet

If replacing an existing sink, there will be limitations based on the existing sink cutout and cabinet space on what can be selected. The ideal time to select a sink is before the start of any kitchen renovation—before layout design, counter or cabinet selection. Designers often place the sink first and design the rest of the kitchen layout from there. This ensures that the completed kitchen has the optimal workstation and functionality—with enough room and the right sink and faucet to suit your needs. As faucets are increasingly becoming one of the key design elements in the kitchen, this pre-planning will ensure that there are plenty of options for selecting a faucet that will fit and suit the layout.

Counter and cabinet size guidelines

When replacing a sink, the sink choice is restricted by the size of the cabinet and countertop. You can either choose a sink that fits the existing sink cutout or if your sink base cabinet allows, expand the cutout by cutting away additional countertop material and select a larger sink.

Measuring correctly will help save time. Measure the cabinet size under the existing sink or where the new sink will go. Measure from gable to gable (left to right) See Diagram A. Be sure to measure from outside an edge to an outside edge. This is the MINIMUM CABINET SIZE, and this size is noted next to each sink model in the Blanco catalogue.

Most kitchen cabinets are standard 24" measurement front to back. The width (front to back measurement) of the sink that can be used is determined by this measurement and whether or not the counter top has a backsplash. See diagrams B and C.

For Topmount:

If the countertop has a backsplash, a sink with front to back depth of up to 20 1/2" will fit. See Diagram B. If the countertop has no backsplash and the cabinet is of standard size, a sink that measures up to 22" deep (front to back) will fit. See Diagram C.

For Undermount:

Consult your installer. These measurements are important to ensure that enough space is allocated for fixtures and backsplash material behind the sink.

Bowl design and functionality

Blanco bowl design offers maximum functionality and aesthetics. Tight radius corners give more usable bowl capacity while offering an ultra-contemporary look.

Rear-positioned drains maximize usable cabinet space under the sink. A flat sink bottom allows glassware and goblets to stand up preventing accidental breakage. And, deeper bowls combined with tight radius corners, allow large pots and even frying pans to sit flat in the sink, making cleanup easier.

The broad range of Blanco sink bowl choices within any one design allows you to select a perfectly matching secondary sink for use in an island. These choices include a wide range of double bowl options and small and large single bowl designs. For many kitchens, a large single bowl may be ideal as a primary sink, particularly when most small items are washed in the dishwasher, and the sink is used primarily for large pots, cookie sheets and pans.

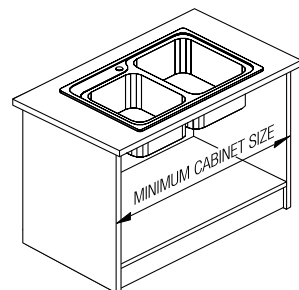

Diagram A
Measure from outside edges of cabinet for minimum cabinet size.

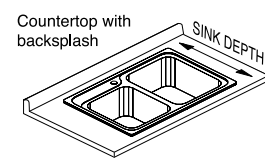

Diagram B

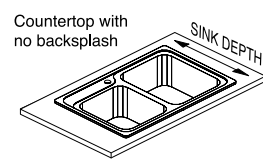

Diagram C

Selecting and installing a BLANCO sink and faucet

Choice of material

In choosing the material you should keep in mind that the kitchen sink is a heavy-duty utensil. It will show signs of wear after time but should be able to withstand the rigors of daily use for a very long time. Different materials will wear in different ways. BLANCO uses only premium materials and offers a lifetime limited warranty on all its kitchen sinks, regardless of the material. Accessories such as sink grids are ideal to protect the bottom surface of the sink. Owners should observe care instructions and use only recommended cleaning products.

Stainless Steel

Stainless steel continues to be the most common material for kitchen sinks, but not all stainless steel sinks are created equal. Chrome-nickel content is an important consideration. Chrome increases hardness and wear resistance. Nickel increases strength and improves shock resistance. Most Blanco sinks are 18% chrome and 10% nickel (18/10), which is the preferred content for high-end stainless steel sinks. 18/10 stainless steel is completely hygienic, will not rust and will maintain its appearance much longer than lesser grade steel.

The gauge (thickness) of the steel is also an important feature. Note: Gauge is an inverse measurement—20 gauge is thinner than 18 gauge. A thicker gauge stainless steel sink will maintain water temperature longer and has more sound deadening qualities. Thicker gauge stainless steel sinks are in general more expensive. The optimal gauge is 18.

SILGRANIT®

There are a wide range of coloured sinks available today, however not all share the heat and scratch resistance of SILGRANIT®. There are also both soft composites and hard composites available. These come in a variety of finishes, some having only surface colour and some coloured all the way through. Many soft composites have a dull finish. These soft composites are usually more porous and have a low heat rating (a hot pot could burn the surface). Soft composites are usually less expensive but also tend to show signs of wear soon after being installed. BLANCO SILGRANIT® is a rock-hard composite material, formed using natural granite (up to 80%). Coloured all the way through, SILGRANIT® is extremely scratch and chip resistant and has a heat rating of up to 280° Celsius.

Most BLANCO SILGRANIT® sinks are equipped with additional knock-out holes for faucet fixtures and accessories. These holes are marked on the sink deck with removable stickers and must be punched prior to installing the sink.

BLANCO faucets finishes

Exclusive to BLANCO, our kitchen faucets are available not only in chrome and stainless variation but also in SILGRANIT® matching colours. Our metal-look finishes include Chrome with its shiny properties, Stainless Finish (PVD) with its slightly softer variation of stainless look and Classic Steel that provides the rich finish of stainless beauty. Our faucet finishes can be easily paired with BLANCO SILGRANIT® sinks with the selection of SILGRANIT® colour-match or dual finish faucets – a combination of Chrome and SILGRANIT® colour-match, or combination of Stainless Finish and SILGRANIT® colour-match (powder coated finish).

Selecting and installing a BLANCO sink and faucet

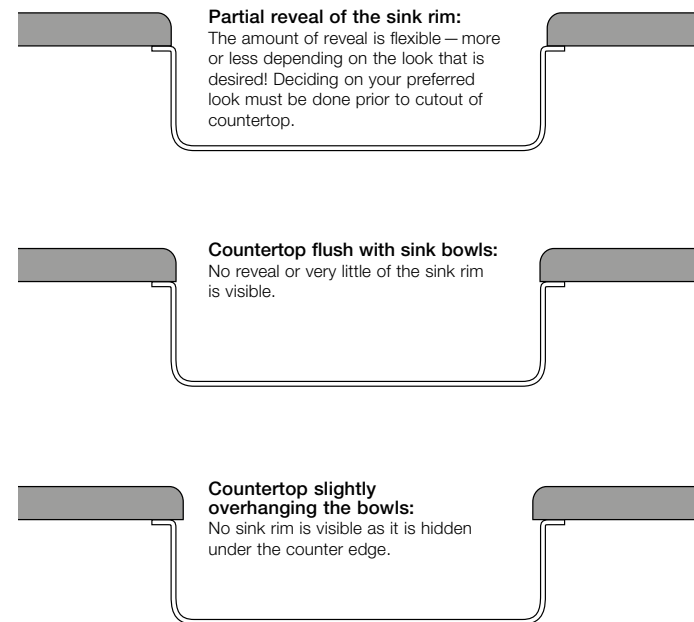

Considerations when undermounting a sink

Undermounted sinks bring a touch of refinement to any kitchen. A pleasure to own, especially at clean-up time, their design allows crumbs to be easily swept into the bowl. Truly a clean design.

Three undermount reveal options are possible depending on individual preference. These options apply to both stainless steel undermounts and SILGRANIT®. Note that BLANCO templates for most undermount sinks provide a 1/4 inch reveal around the bowl (i.e. only 1/4 inch of the sink rim is revealed). Check the instructions on the template that comes with your BLANCO sink to see the reveal measurement allotted by that template. Sink templates are supplied only as a guide. The physical use of the sink will ensure a more accurate cutout.

Finally, ensure that enough space is left behind the sink for any fixtures that may be required—including faucet and other accessories.

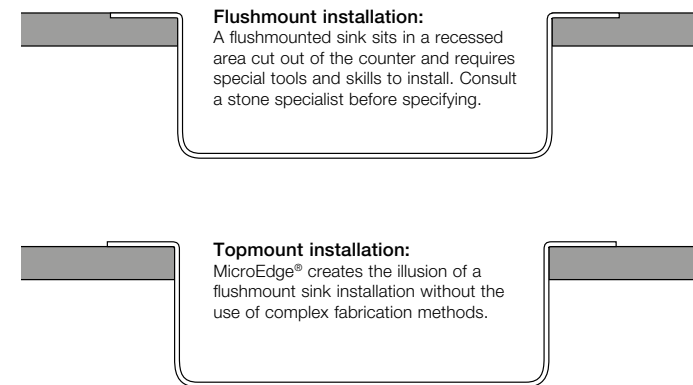

Undermount options:

Considerations when installing a MicroEdge® sink

The understated beauty and sleek elegance of a flushmount look offers refined sophistication to any kitchen décor. While true flushmount installation requires expensive and challenging counter cutting techniques as well as experienced and highly skilled installers to achieve an exacting flushmount result, MicroEdge® overcomes these risks, creating the perfect edge. MicroEdge® sinks also offer unprecedented versatility. They can be installed flushmounted to the counter if preferred and where experienced installers are available, or can sit on top of the counter similar to a traditional topmount style. A topmount installation allows the sink to be installed on virtually any countertop material and with none of the risks of flushmount fabrication efforts. From granite and quartz to laminates and many other materials, the MicroEdge® is simple to install.

MicroEdge® options:

Selecting and installing a BLANCO sink and faucet

A kitchen sink is a heavy-duty utensil and may show traces of wear over time. Regular cleaning to remove dirt is the best form of maintenance for your sink and will extend its life and beauty. Observe this guide to the use and care of our stainless steel or SILGRANIT® sinks for best results.

General sink care

Keep the sink dry. Regularly rinse and towel dry your sink with a soft, dry cloth when not in use to keep it dry. This will prevent surface deposits and water spots caused by lime in the water.

Use non-abrasive cleansers. BLANCOCLEAN is a combined cleaner and polish and will help maintain the original lustre of the sink, however there are other non-abrasive liquid cream cleaners that can be used. Do not use strong abrasive cleansers or cleansers that contain chlorine (usually sodium hypochlorite) or hydrochloric acid, steel wool or metal scrub pads—these will scratch and dull the surface of the sink.

Rinse away cleansers after use and wipe the sink dry again to prevent water spots from forming.

Do not pour paint into your sink. The chemicals in acrylic paint will react with SILGRANIT® sinks if allowed to sit over 24 hours and will produce permanent marks. For latex-based paints, try removing any residue immediately using a paint remover manufactured by the same brand. Consult the paint remover recommendations before using on any sink.

Use vinegar and water in a mild solution to remove any mineral deposits that may have built up.

Follow the grain of the steel if using a stainless steel polish. When using a stainless steel polish, ensure that you read directions carefully. You should use a damp cloth and follow the grain of the steel when polishing. Rinse with water and buff with a soft, static-proof cloth for best results. For extra care, test on a small area first.

Do not drop sharp objects into your sink and do not use your sink surface as a cutting board as this may scratch or damage the sink. Materials that are harder than stainless steel can scratch, including stone, diamond, glass, ceramic or abrasives.

Use a sink bottom grid to protect your sink. Blanco custom-sized stainless steel grids are available that fit inside the bottom of the sink bowls and protect the sink from scratches that could be caused by sharp utensils or other

kitchen tools. See page 144 for custom fitted accessories

Rust spots and stains can be removed with metal cleaners such as Flitz®. Stainless steel does not rust, however rust stains may occur as a result of other materials coming in contact with the sink allowing iron particles to bond to the sink surface. Iron particles introduced by metal cookware, steel wool pads, etc. that react with water can deposit rust spots.

Do not use rubber-coated mats as discoloration of the sink may occur after prolonged use. Similarly, any wet sponges or cleaning materials left on the sink for long periods could stain the sink surface.

Additional care tips for SILGRANIT® sinks

Use liquid cleaners and rinse well after use, for daily care. Remember also to use sparingly. A BLANCOCLEAN product is available that is specially formulated for SILGRANIT® sinks and will help maintain the original look and beauty of the sink.

Avoid highly abrasive cleansers. However, a bleach-water solution (50/50) can be used on SILGRANIT®. For stubborn food stains, pour the bleach solution onto a cloth and cover the stain. Allow the bleach to sit for at least 1/2 hour and then clean with a dish detergent and rinse off with water.

Keep extremely hot pots away from the sink. BLANCO SILGRANIT® sinks will withstand temperatures of up to 280°C. However, modern pots can reach higher temperatures. Therefore, contact with extremely hot pots should be kept to a minimum.

BLANCO Canada Inc. Warranty

Limited Lifetime Warranty: Stainless Steel and SILGRANIT® Sinks

BLANCO CANADA INC. hereafter referred to as BLANCO, is pleased to offer a limited lifetime warranty with all BLANCO sinks used in normal domestic installations. BLANCO warrants its sinks to be free from all manufacturing defects in material and workmanship.

BLANCO will repair or replace, at no charge, excluding labour, any sink supplied by BLANCO that is proven to be defective under normal use. An equivalent replacement will be issued to the original owner provided the defective sink was installed in accordance with BLANCO installation procedures, used and cleaned as recommended and not damaged due to abuse, misuse or negligence. Chips, scratches and stains are not deemed to be manufacturing defects. BLANCO will not be held liable for chips, scratches and stains that can occur under normal use over a period of time. Please refer to cleaning instructions to maintain your sink in its original appearance. BLANCO shall not be held liable under this warranty where the sink has been used in a non-domestic application, improperly installed, or damaged from the impact caused by a heavy object being dropped on the sink or from improper handling. BLANCO shall not be liable for any inconvenience or expense for material or labour related to the removal or replacement of a defective sink or for any loss or damage to any person or property whatsoever resulting from the defective sink. All transportation costs to and from the point of purchase will be the responsibility of the purchaser.

Any sink returned must be in the original packaging and include all the accompanying accessories, parts and documentation. BLANCO reserves the right to inspect any sink reported to be defective prior to replacement of the sink.

WARRANTY EXCLUSIONS

Excluded are any accessories that accompany the sink (strainers, waste fittings, waste chutes etc.).

Accessories and Soap Dispensers

BLANCO warrants its accessories and soap dispensers to be free from manufacturing defects for a period of one (1) year from the date of purchase.

Limited Lifetime Warranty: Faucets

All faucets are thoroughly checked and tested in the factory. However, if the faucet has a manufacturing defect, BLANCO reserves the right to replace the damaged part or the entire faucet.

BLANCO warrants its faucets to be free from manufacturing defects in material and workmanship; and the finish and ceramic disk cartridge to be free from manufacturing defects and workmanship, to the original consumer purchaser of the faucet from the original date of purchase for as long as the original consumer purchaser owns their home. If the cartridge proves to be defective during the warranty period, BLANCO will provide a replacement free of charge.

Finish and ceramic disk cartridge (*Lifetime to original consumer purchaser) LIFETIME*

Mechanical components, hand spray and hoses (*Lifetime to original consumer purchaser) LIFETIME*

A new enhanced warranty program for faucets took effect April 15, 2010. (This is not retroactive to previously purchased faucets). It extends the previous 2-year limited period for mechanical components, hand spray and hoses to a limited lifetime warranty period. (As before, the finish and ceramic disc cartridge have limited lifetime warranties).

This warranty does not cover faucets which have been improperly installed or subject to improper use or used in a location other than a residential kitchen or faucets which have been damaged due to mineral deposits or the use of corrosive or abrasive cleaning agents. This warranty does not cover shipping costs, labour costs or any other cost associated with the installation or replacement of the product/parts and is extended only to the original consumer purchaser of the faucet.

BLANCO is not responsible or liable for indirect, special or consequential damages arising out of or in connection with the use or performance of its faucets and its liability under this warranty is limited to the replacement of the defective material at the location of purchase.

Obligation of the original owner

The original dated sales receipt must be retained by the customer and is the only acceptable proof of purchase.

BLANCO makes no additional warranties, expressed or implied and any implied warranty including that of merchantability or fitness for a particular purpose, is limited in its duration to the duration of the written limited warranties set forth herein.

No employee, agent or other person is authorized to provide any warranty on behalf of BLANCO for a BLANCO product that is in addition to or different from the warranty stated above unless the warranty has been previously approved by an authorized BLANCO representative.

This warranty gives you specific legal rights and you may also have other rights which may vary from province to province.

How to Order Policies

Terms and Condition of sale

- \$100.00 net minimum order on all purchase orders except for parts.
- Prices are subject to change with 30 day notice. All orders will be invoiced at the prices in effect at the time of receipt of the order.
- Upon delivery, if there is visible damage to the carton, claims against breakage and or shortages must be made at time of receipt against the carrier. Also, please notify BLANCO of any breakage or shortage within 48 hours.
- Concealed damage must be reported to BLANCO within 72 hours of receipt of merchandise to point of shipment.
- Any item found missing from a sink or faucet must be reported to BLANCO within 48 hours of receipt of merchandise.
- BLANCO CANADA INC. will not be held responsible for any cut out done without the use of and in accordance with the template or specification sheet.
- BLANCO CANADA INC. reserves all rights to accept an order.

We value all our customers and aim to provide the same level of service to everyone. All rush orders where indicated will be processed and shipped within 48 hours from the time the order is received at BLANCO Canada. No exceptions will be made.

Return Goods Policy

- All returns regardless of product and or part must be accompanied by a Return Goods Authorization Number (RGA) issued by BLANCO Canada.
- All RGA numbers are to be submitted with the original purchase order number and approved by BLANCO Canada Customer Service Department.
- All non-warranty returns are subject to a restocking charge of 25%.
- All items must be returned in their original carton and be in saleable condition.
- All returns must be made by freight prepaid by sender and the sender must assume all responsibility for shipping damages that may occur. If a product is received damaged, there will be no credit issued. BLANCO Canada reserves the right to limit and or refuse any returns.

**Please email any return or credit request to
ra@blancocanada.com. Faxes may be sent to
1-877-825-2626.**

Freight Policy

Freight is prepaid for orders over the following minimum amounts:

B.C., Alberta, Newfoundland, North West Territories	\$3,000
Saskatchewan, Manitoba, Northern Ontario*, Maritimes, Northern Quebec**	\$2,500
Southern Ontario, Southern Quebec	\$2,000

*Northern Ontario includes all cities within Ontario north of Barrie.

**Northern Quebec includes all cities within Québec north of Québec City.

Hours of Operation

**Customer Service Representatives are available from
8:30 am to 4:30 pm EST, Monday to Friday.**
