&

Meeting Tomorrow

2010

First iPad Launches

Demand was strong from the beginning

300,000

iPads sold on the first day

1 million

within the first month.

We buy a small batch of iPads and start customizing them for our clients with **backgrounds, apps, and settings.**

2011

iPad 2 Launches

With a faster processor and refined design, the iPad 2 became known as a workhorse that could run six different versions of iOS.

We begin to offer iPads **prepaid with 3G data** to our customers.

2012

The Third Generation iPad and iPad Mini Launches

The third-gen iPad included the first-ever retina displays.

We start using Apple's Configurator software to customize large numbers of iPads at once.

2013

The iPad Air and Mini 2 Launches

The Air was thinner and lighter than the iPad 2 with upgraded cameras, making it great for events.

We bulk up our inventory to over

1,000

iPads.

2014

The iPad Air 2 and Mini 3 Launches

We begin providing iPad Kiosks, making it even easier for clients to show off their content and apps.

2015

The iPad Pro, Pencil, iPad Air 2, and the iPad Mini 4 Launches

Apple continues to innovate with a smart keyboard and a stylus designed for pressure sensitivity and angle detection.

We become the first provider of the Giant iTab, which emulates an iPad and lets audiences interact with apps and other demonstrations on a larger scale.

2016

In just two years, we more than double the amount of iPads provided to customers

2017

We partner with a nationwide cell service provider to bring reliable, fast cellular data service to clients using our iPads

2018

The iPad 6th Generation and iPad Pro 3rd Generation Launches

We fill our largest order ever, providing one client with more than

5,900 iPads

throughout the year.

2019

Today we have the largest iPad Inventory in the nation with **over 6,100 iPads, including the new iPad Pro3**, and can customize all of them to fit any client's needs.
