Tired of confirming multiple messages when performing regular tasks?

Well, you can change it right now!

Next time a message you automatically respond to appears, select this new checkbox:

The screenshot shows the SAP Business One 'Sales Order' window. At the top, there are fields for Customer (C20000), Name (Maxi-Teq), Contact Person (Max Teq), and BP Currency (\$). On the right, there are fields for No. (371), Status (Open), Posting Date (07/12/2015), Delivery Date (07/12/2015), and Document Date (07/12/2015). Below these is a table with columns for Item No., Item Description, Quantity, No. of Packages, Unit Price, and Dis... The table contains two rows: row 1 with 'Sales Order' and row 2 with 'Sales Order'. A dialog box is overlaid on the table, asking 'Do you want to update the existing table rows with the new delivery date?'. The dialog box has a question mark icon and a checkbox labeled 'Remember My Answer and Do Not Show This Message Again'. Below the checkbox are 'Yes' and 'No' buttons. At the bottom of the window, there are 'Add' and 'Cancel' buttons, and a summary table with columns for Freight, Rounding, Tax, and Total. The summary table shows: Freight (0.00 \$), Rounding (0.00 \$), Tax (24.00 \$), and Total (424.00 \$). There are also 'Copy From' and 'Copy To' buttons.
