## ONE SOLUTION

**A complete suite of our products and services, simplified into one package.**

**PharmacyPLUS includes more than just a PMR:**

- A single solution for manual dispensing, electronic dispensing & clinical service delivery
- A high speed N3 & local network, inclusive of business continuity packages
- Complete up-to-date hardware package, including repair or replacement service
- Gold standard training & support, with dedicated service 6 days a week
- Built in retention tools to maximise lifetime patient value
- A single view of each patient to improve service delivery and health outcomes
- A flexible FMD solution, allowing you to select the touchpoints in your pharmacy
- Our most user friendly and functionality rich PMR – Pharmacy Manager

## ONE PRICE

**An affordable price point at one monthly cost, and a solution which will still allow you to:**

- Realise efficiency savings
- Increase cost savings across the pharmacy
- Generate additional revenue

## ONE CONTRACT

**A simplified contract with one end date for all your IT solution needs. Giving you piece of mind for the duration of the contract.**

What's more, when you become our customer, our Customer Success Team will be by your side every step of the way, focused on working with you to make sure you continue to get the very best value from your Cegedim Rx solution.

# ONE SOLUTION ONE PRICE ONE CONTRACT

A complete suite of products and services designed to help your pharmacy **SAVE** time and money whilst **MAXIMISING** revenue, profit and patient loyalty.
