

Arbutus On-Site Training

Arbutus On-Site Training is a group-live course taught in a hands-on learning environment, with every participant using the latest version of Arbutus.

Participants will learn key data analysis concepts to obtain a basic understanding of Arbutus technology. On-Site Training Courses run for three days, and can be customized to suit the skill-level and experience of trainees attending the course.

Based on 25 years of innovation excellence, Arbutus delivers the very best in purpose-built audit analytics technology to meet the exacting demands of today's business environment. Auditors, business analysts, and fraud investigators rely on Arbutus to enhance their testing, analysis, and compliance capabilities.

Learning Objectives

New users will get up-to-speed quickly as they learn the basics of Arbutus technology in a comfortable, hands-on learning environment. For those participants already familiar with data analysis technology, course modules can explore transition issues and technology differences.

Key Modules Include:

- Creating Expressions and Filters (*including DateTimes and Elapsed Times*)
- Working with Views (*Smart Searches, Column Triggers, Quick Sorting, and Filtering*)
- Identifying Duplicate or Missing Items
- Aggregating Data (*Classify, Stratify, Age, Summarize, and Crosstab*)
- Combining Tables (*Join, Relations and Compare*)
- Extracting and Exporting Data
- Defining Print Image (Report) Files

Who Should Attend?

Financial, Operational, and External Auditors; Information Systems Auditors and Audit Management; prospective Arbutus users

Benefits of Arbutus On-Site Training

Arbutus On-Site Training is an ideal way to receive valuable education while minimizing travel expenses and lost productivity:

- Convenient – Courses are delivered to your team, at your location, on your schedule, and only for your employees
- Cost-Effective – Eliminate your travel time and expenses, with a lower per trainee cost, while increasing the overall productivity of your team
- Optimal Use of Time – Disruptions in business are minimized with employees remaining on-site for training
- Content Flexibility – Course content can be expanded to consider your organization's data and tests, time permitting
- Quality Instruction – Every instructor is an experienced trainer and user of Arbutus
