

DON'T SETTLE

Get a Head Start on Your Alert Transition

Does this sound like your Emergency Notification System?

➤ **Hard to use interface** ➤ **Poor performance** ➤ **Unreliable delivery** ➤ **Old data**

Don't Settle. Don't stay with a poor emergency notification system because it's too difficult to switch.

When you switch to Rave Alert, we streamline your transition process with easy set up and training, community list growth tools, and dedicated marketing support. And we give you a **free 3-6 month startup period.**

Why you should switch to Rave Alert:

EASY TO USE

Train staff in less than an hour and be ready to send from any mobile device with 2 clicks.

EASY DATA TRANSFER

Load all landlines at no cost, automatically transfer existing data.

EASY TO PROMOTE

Promote your sign up link to all your current registrants, and generate registrations with one text sign up.

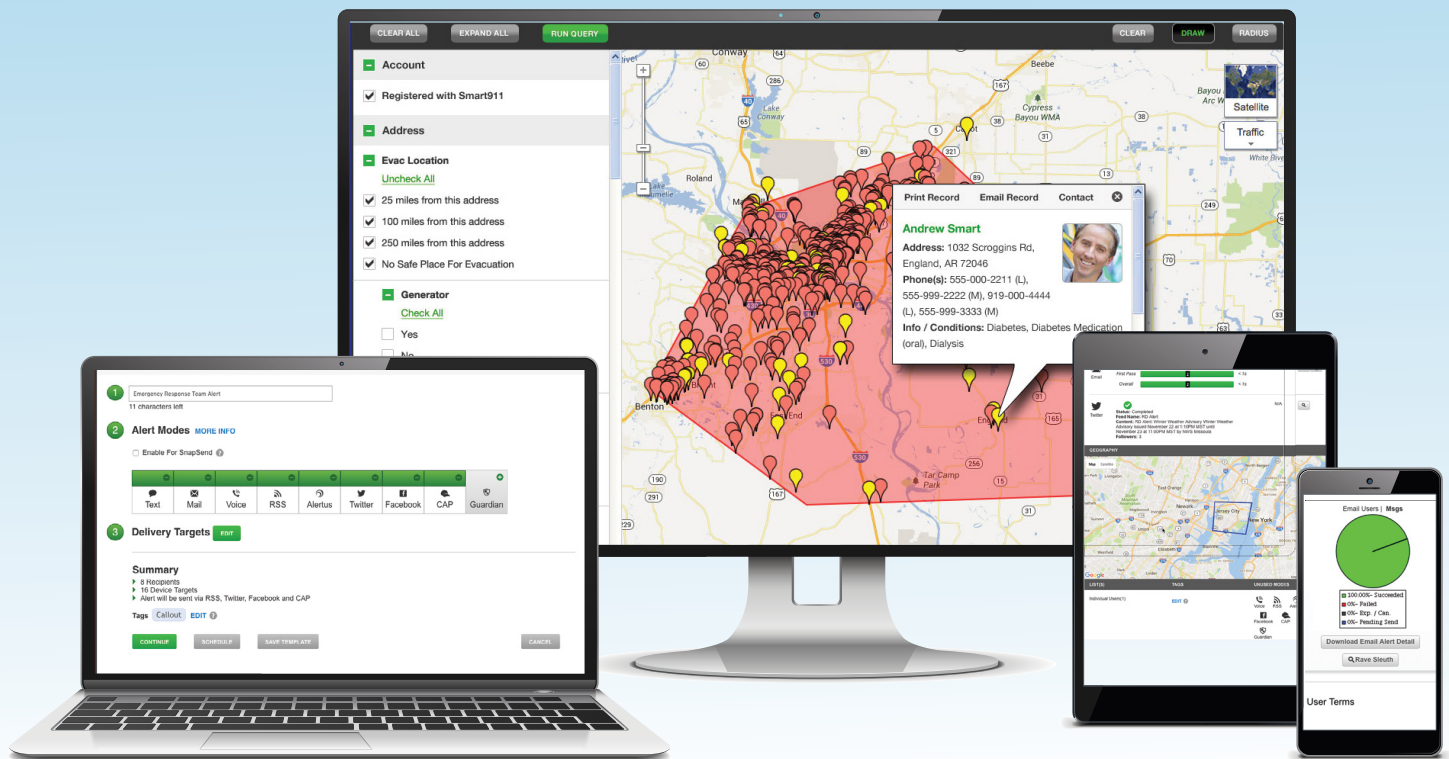

EASY TO SWITCH

Take advantage of 3-6 months free to train and promote your new system.

“The flexibility of Rave’s solution gave us all peace of mind when more than half a million individuals came into the city for the Kentucky Derby. We trust the solution to aid us in day-to-day communications, large scale events and everything in between.”

MITCHELL BURMEISTER,
PUBLIC INFORMATION OFFICER
LOUISVILLE METRO EMERGENCY SERVICES

Rave Alert™
