

# Have you heard of Smart911?

## What is Smart911?

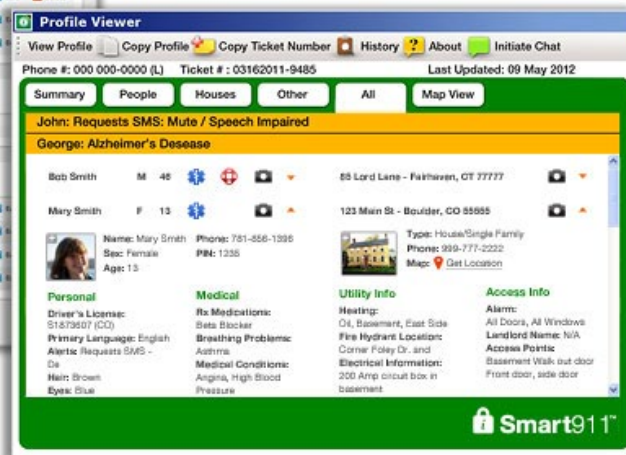

Smart911 is a service that allows residents to create a free Safety Profile for their household that includes any information they want 9-1-1 and first responders to have in the event of an emergency. Then, when anyone in that household dials 9-1-1 from a phone associated with their Safety Profile, their profile is immediately displayed to the 9-1-1 call taker providing additional information that can be used to facilitate the proper response to the proper location. At a time when seconds count, Smart911 provides details that could impact response the second an emergency call is placed, which could be the difference between life and death.

## How does Smart911 work?

What citizens create...

What 9-1-1 call takers see...

## How can I help?

We are asking all employees to create their own Safety Profile at [www.smart911.com](http://www.smart911.com) and share this service with your family and friends. The success of our public safety initiatives starts within our own organizations.

If you have questions or would like Smart911 content to distribute, please contact the Smart911 marketing team at [community@smart911.com](mailto:community@smart911.com).
