Enhancing Emergency Response for Colleges and Universities

In seconds, Rave Panic Button clearly communicates an emergency to 9-1-1, your faculty, staff, and administrators.

Immediately Calls 9-1-1

- 9-1-1 can quickly dispatch the right resources.
- Enables immediate and ongoing communication and coordination among 9-1-1, campus personnel, and the panic caller.

Instantly Alerts Campus Personnel

- Notifies faculty and staff of emergency type and who initiated the panic call.
- Staff Assist button sends localized alerts to internal team only. Allows rapid intervention in non 9-1-1 emergencies.
Instant On Campus Notification
In seconds, Rave Panic Button immediately and clearly communicates an emergency to all faculty, staff, and administrators. This ensures your campus can rapidly initiate lockdowns, evacuations, or medical response.

Help Arrives Sooner
Rave Panic Button informs 9-1-1 dispatchers of an on-campus emergency and who is calling. It can automatically deliver critical data about the campus including key contact information, floor plans, and emergency response plans. This results in faster dispatch of the right resources with improved situational awareness.

Simple, Fast, and Effective
Rave Panic Button simplifies emergency calls for help. There is no need for users to remember different sets of actions for different emergencies. A simple press of the button connects to 9-1-1, while their colleagues receive an immediate alert/notification.

Safety Innovation from a Trusted Source
Rave Mobile Safety is a trusted leader in higher education safety software, with over a decade of experience improving safety in thousands of educational institutions. Rave Panic Button leverages mobile phones, Rave’s public safety grade infrastructure, and a unique integration with 9-1-1 to help improve safety in your entire campus community.

Impacts All Emergencies
Rave Panic Button works for all emergencies – from active shooters and fires to individual assaults and medical emergencies. You and key staff immediately become aware of the situation and can react quickly, while providing better visibility to first responders.

Staff Assist Internal Alerting
Staff Assist instantly connects your users to on-site help during urgent non-emergency situations. Staff Assist supports multiple preset message and recipient lists for different incident types. Authorized users can also send custom messages to update or provide direction during incidents.

Cost Effective, Easy to Activate and Maintain
At a fraction of the cost of hardwired panic buttons and other solutions, Rave Panic Button puts a powerful emergency communication tool in the hands of every employee, teacher, and administrator, wherever they are.

Activating Rave Panic Button is straightforward. The administration console makes it easy to review activity, maintain access lists, and define notification rules.

“IT’S REPUTATION AS THE INDUSTRY STANDARD MADE PARTNERING WITH RAVE A VERY EASY DECISION FOR OUR COMMUNITY.”
