Connecting Agencies to Those They Protect

Thousands of agencies trust Rave's public safety software
to help them prepare better, communicate faster, and respond
more effectively before, during, and after emergencies.

Scalable. Proven. Secure.

Improve situational awareness
and protect first responders with accurate
information before they arrive on scene.

Protect and inform your community
with alerts delivered quickly and easily in
multiple formats – voice, text, email, and
social media – to ensure maximum coverage.

Improve and maintain community trust
in law enforcement with solutions that
encourage collaboration and support.

Send help faster and more efficiently
with data and communication that
dramatically shorten response times.

Make better informed decisions
with additional medical and location
information that shortens response
times and save lives.

Enhance building safety
for school, business, and public campuses
with rapid internal and external alerting
and ongoing coordinated response.

for life-saving technology

Rave Alert™

Improves community safety before, during, and after emergencies with wide-reaching emergency notification. Rave Alert's multimodal, easy to use interface ensures maximum alert coverage across all modalities, including IPAWS.

Rave Panic Button™

Dramatically reduces response time for 9-1-1, on-site facility personnel, and first responders. When an emergency occurs at a facility. Rave Panic Button simultaneously alerts 9-1-1 and on-site personnel, speeding up emergency procedures.

Rave 911 Suite™ and Smart911®

Gives PSAPs and first responders access to a 9-1-1 caller's profile – family member info, photos, medical conditions, disabilities, even pet information – in addition to facility and location information, to inform dispatch decisions. Also includes the ability to chat with mobile callers, record notes, and see a real time common operating picture of all calls.

Rave Guardian™

Enhances individual safety on campus. The Rave Guardian mobile app provides real-time tools for users to create a virtual safety network of friends, family, and Campus Safety.

Rave Eyewitness™

Extends the reach of safety professionals. Rave Eyewitness anonymous two-way tip texting instantly links concerned citizens to law enforcement.

About Rave Mobile Safety

Rave Mobile Safety creates innovative data and communication software that organizations trust to help them save lives. Rave connects millions to those they trust to protect them, by providing safety officials with tools to prepare better, respond faster, and communicate more effectively before, during, and after emergencies.
