

## CLEANING AND MAINTENANCE – Fabric Backed Vinyl

Our Fabric Backed Vinyl Wallcoverings have superior cleanability from which dirt and all domestic water based stains may be cleaned from the front face with a sponge or a soft brush and mild detergent or a mild abrasive. Oils, fats and solvent based stains can also be removed if tackled immediately after contamination.

### Best practises

If using soapy water, wipe off with clean water and ensure the surface is dry, especially along the skirting. Always wash from the bottom upwards. Top- down will cause runs on a dry surface which will stain. If in doubt do a trial in an inconspicuous area. The use of strong bleach or abrasive powders is not recommended.

### Muraspec Durability guide

Fabric backed wallcoverings achieve the following Muraspec durability rating:-

Type II Fabric backed wallcoverings achieve:-

Tedlar coated, fabric backed wallcoverings achieve:-

SSG, fabric backed wallcoverings achieve:-

**Abrasion 7 : Impact 7**

**Abrasion 8 : Impact 8**

**Abrasion 9 : Impact 9**

**Abrasion 10 : Impact 10**

### General Description of the Abrasion & Impact Performance Ratings

Performance Rating (out of 10)	
Abrasion	Impact
<b>1-2</b> The surface will withstand very occasional wearing and rubbing	<b>1-2</b> The surface will withstand very occasional knocks and bumps
<b>3-4</b> The surface will withstand occasional wearing and rubbing	<b>3-4</b> The surface will withstand occasional knocks and bumps
<b>5-6</b> The surface will withstand an average level of day to day wearing and rubbing	<b>5-6</b> The surface will withstand an average level of knocks and bumps
<b>7-9</b> The surface will withstand above average repeated wearing, rubbing, scuffs and scrapes	<b>7-9</b> The surface will withstand above average knocks and bumps
<b>10</b> The surface will withstand high levels of repeated wearing, rubbing and heavy scuffs and scrapes	<b>10</b> The surface will a high level of knocks and bumps
<b>CLEANING – IMPORTANT – Always check cleanability information as displayed on Technical Data Sheet; some products with medium abrasion and impact ratings can only be cleaned by vacuuming</b>
