How to Access the Lamp and Filter Timers (Odometers)

From the Test Screen, tap Settings.

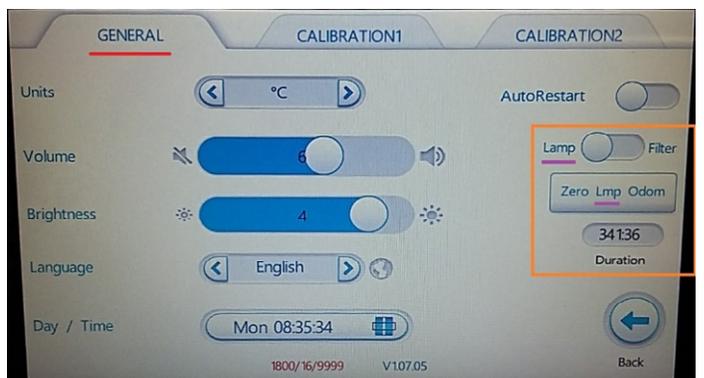

The General settings tab is displayed.

To view the Filter odometer, move the toggle to "Filter" – the duration in hours : minutes is displayed.

To view the Lamp odometer, move the toggle to "Lamp" – the duration in hours : minutes is displayed.

Note: the odometers are counter-up timers and no warnings are displayed when certain times have elapsed.
