

Your Mission is Everything. Regain Your Focus.

Your mission is everything - don't let outdated financial reports stand in your way. Take control with Managed Accounting Services.

MANAGED ACCOUNTING SERVICES, NOT BOOKKEEPING.

Managed Accounting Services provides a full accounting department that handles day-to-day services that would normally be managed in-house, but without the added hassles of hiring and retaining industry experts, keeping up-to-date on the latest accounting standards, and being constantly worried about internal controls. By outsourcing your accounting, you gain the freedom to focus on your mission.

REAL-TIME DASHBOARDS TO DRIVE YOUR ORGANIZATION.

The advantages of outsourcing your accounting are limitless. It's less about the bottom-line and more about saving you time, having quicker access to financials, stability and scalability, and having the right people ask the right questions.

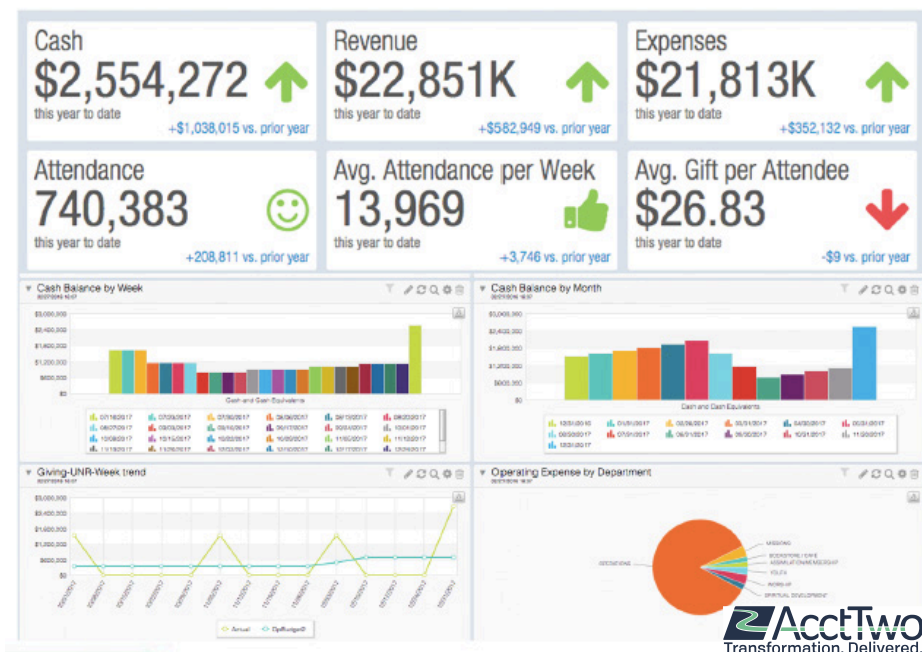

"With full ownership of their budgets and actual expenses, **our pastors and directors have grown in the business management aspect of their jobs.** It has allowed them to be part of finding solutions instead of just identifying problems,"
Kelly Miller, Director of Finance, HighRidge Church.

OUR COMMITMENT

Leaders have better control when they can spend time analyzing information instead of simply trying to process transactions and manage the daily aspects of the accounting department.

To help you achieve that goal, *our commitment to you is:*

- To be efficient, accurate, and timely
- Ensure that the finance and accounting component of your organization adds strategic value to your mission
- Help you realize success by relieving the burden of the back-office functions
- Provide you relevant data so that you can make the best decisions that will propel your mission forward

WE'VE WALKED IN YOUR SHOES.

They say you can't understand someone until you've walked a mile in their shoes. At AcctTwo, we believe that. **Our team is a part of your community.** Everyone on our nonprofit team has worked or volunteered at a church, mission, or Christian camp. Your mission speaks to us and we carry ourselves with that same level of purpose every day.

"The AcctTwo team has a deep faith-based understanding of how churches, of all sizes, work. They really understand from an accounting perspective what's required," Libni Rodriguez, Director of Project Management, Gateway Church.
