The No Leak Skylight™

VELUX Skylights

Curb-Mounted

Bringing light to life[™]

Bringing light to life

Why Skylights

Daylight is powerful. It redesigns the look and feel of our home every hour of the day. It balances our circadian rhythm, improves our general health and well-being, decreases our dependency on electricity, and gives functionality back to our space. We often ask, "Why skylights," but with endless reasons why you should install a skylight, the question becomes more, "Why not skylights?"

Why VELUX

For over 75 years, VELUX has pioneered the roof window and skylight market. Our focus has always been on creating the best quality, most energy efficient daylight products available. Take advantage of our experience and reimagine your home in daylight with VELUX skylights.

A Must-Have for Your Home

Homes that are warm, inviting, and full of light are homes full of life. Before browsing paint colors, ordering fabric swatches, or thumbing through catalogs for inspiration, look up. The most unnoticed yet impactful wall in every room can be your next design space. Change more than just your wall color, transform the look and feel of your entire home with skylights.

Solar Powered "Fresh Air" Skylight VCS Model

When you pair natural light with fresh air, you open your home to a world of crisper, cleaner air and brighter days. The VELUX Solar Powered "Fresh Air" Skylight uses the power of the sun to refresh your home with the touch of a button.

- As part of the Go Solar family, this skylight is eligible for a 30% federal solar tax credit: an average of \$850 in federal tax savings*.
- The skylight features a solar panel that captures available daylight to recharge a battery-powered operator and control system.
- Fitted with a rain sensor, your skylight will automatically close at the first signs of rain.
- Compatible with VELUX ACTIVE with NETATMO: your home's climate control and monitoring system. *See page 11*
- Clean, Quiet & Safe glass is standard on all VCS models. *See page 13*

Remote included

Electric "Fresh Air" Skylight VCE Model

As the ideal daylighting solution for your home, the VELUX Electric "Fresh Air" Skylights bring in abundant natural light and, with the touch of a button, open to let fresh air in. Your home can be brighter and feel fresher with the combined power of light and air from your skylight.

- A pre-installed concealed motor and control system lets you easily open and close with remote.
- Fitted with a rain sensor, your skylight will automatically close at the first signs of rain.
- Compatible with VELUX ACTIVE with NETATMO: your home's climate control and monitoring system. *See page 11*
- Clean, Quiet & Safe glass is standard on all VCE models. *See page 13*

Fixed Skylight FCM Model

VELUX Fixed Skylights are perfect for visually expanding and transforming areas, such as hallways, stairwells, and other closed-in, dark spaces with bright light and sky views. As an economical choice, fixed skylights create a spacious home full of natural light.

- Provides twice as much light as vertical windows.
- The lower profile of the fixed skylight gives your roof a clean, streamlined appearance.

Curb-Mounted Installation

3 Layers of Protection

The No Leak Skylight

The No Leak Skylight
No Leak Promise
No Worries

Layers of Water Protection

At VELUX, we've developed three layers of water protection to safeguard your house against damaging leaks. Our No Leak Skylight carries a 10-year installation warranty plus 20 years on glass, 10 years on product, and 5 years on blinds and controls.

- 1 Pre-attached Gasket**
Pre-attached gasket provides a tight seal for leak-proof installation.
- 2 Adhesive Underlayment**
Adhesive underlayment for secondary water protection against the harshest weather conditions.
- 3 Engineered Flashing**
Engineered flashing for easy installation and primary water protection.

Safest Glass to Live Under

Laminated "Clean, Quiet & Safe" Glass

When selecting a VELUX Curb-Mounted Skylight, you have the option of our most-recommended, top-rated glass: Clean, Quiet & Safe. Named for its three biggest benefits, this glass comes with state-of-the-art, energy-conserving LoE³-340 glass, designed to keep your home warmer in the winter and cooler in the summer.

Clean: Skylights stay cleaner longer with Neat[®] glass coating.

Quiet: Reduces unwanted outside noise by up to 25% compared to a standard double pane glass and up to 50% compared to a plastic skylight.

Safe: Unlike tempered, this glass does not shatter into pieces when cracked, a building code requirement for all out-of-reach applications.

ENERGY STAR certified products are the most straightforward way to help meet energy codes.

Most VELUX residential products are ENERGY STAR certified in all 50 states. By specifying or using ENERGY STAR certified products, architects and builders can use windows and skylights to bring much needed daylight and fresh air inside, creating more attractive buildings and livable spaces while still meeting the local energy codes.

Complete Light Control

Factory-Installed Blinds

Finish the look of your space by pairing blinds to your VELUX Curb-Mounted Skylights. VELUX offers a wide selection of factory-installed blinds that range from completely darkening an entire room to softly diffusing incoming light, giving you ultimate light control.

Go Solar. Save Big!

All VELUX solar-powered blinds are eligible for a 30% federal solar tax credit.
