

**VELUX®**

The No Leak Skylight™

# Four great reasons to replace existing skylights when you replace a roof.

## 1. Save Money and Time

During a skylight replacement, a roofer removes the shingles around the skylight to re-flash and seal the window to the roof deck or curb. Therefore, the most ideal, cost-efficient time to replace a skylight is when you re-roof and are removing all the old shingles to lay down new ones.

## 2. Biggest Promise, Strongest Warranty

VELUX is the only skylight company to implement three layers of protection in our product design, giving you peace of mind against leaks. Our comprehensive, industry-first, No Leak Warranty covers your skylight and its installation against leaks for 10 years.\*

\*VELUX FLASHING REQUIRED.  
Visit [thenoleakskylight.com](http://thenoleakskylight.com) for more information.

## 3. Improved Energy Efficiency

VELUX continually develops and tests our skylights to ensure we maintain our high standard of design. We offer Clean, Quiet, & Safe glass (advanced LoE<sup>3</sup> coating) that provides the best balance of daylight and heat control, improving the energy efficiency of your window.

## 4. Federal Tax Credit

### Go Solar, Save Big!

The Sun provides us with more energy in a single hour than the entire world uses in a year. So, why depend on energy from anywhere else? Go Solar with VELUX and see how you can save big, both on your home's energy efficiency and in your pocket!

Eligible for a 30% tax credit<sup>1</sup>

# The Go Solar Initiative

When you Go Solar by purchasing VELUX solar-powered products for your home, you are eligible for a 30% federal solar tax credit on the entire cost of your products and installation. Just ask for the Go Solar option with your skylight to save big!
