EuroCARE™ Anti-Embolism Stockings Features and Benefits

Patient Comfort and Safety

Reciprocated Heel Aids in proper placement while providing added patient comfort.

Top-View Inspection Port Better patient comfort when ambulating.

Rapid Moisture Transfer Moves fluids and body oils from skin to surface of the fabric quickly to speed drying; launders better.

Two-Way Stretch Fabric Allows stocking to conform to shape of limb.

Premium Elastic Top Keeps stocking in place without causing tourniquet effect.

Outward Facing Seams Reduces skin irritation and/or depressions as limb size changes.

Latex-Free Safe for latex-sensitive skin.

Clinician Focused

Reciprocated Heel Eases donning and doffing while assisting proper placement.

Comfort Panel Allows more stretch to position monitors or check incision sites.

Color-Coded Top-View Inspection Port Conveniently access toes and top of foot and identify size.

Color-Coded Packaging High visibility colors for easy size identification and selection.

20-30mmHg Graduated Compression helps improve blood flow and aids in clot prevention.
