

Introducing the EClean<sup>™</sup> Microfiber Cleaning System from Encompass. EClean mops and cloths are a cost-effective system for daily cleaning of floors, walls and all touch points in the healthcare setting.

## EClean™ Microfiber Products offer many benefits.

- **Effective** - microfibers are known to remove more soil than traditional cotton-based products
- **Saves Time, Faster** - don't have to wring out the flat mop
- **Light weight** - flat mop holds less water compared to a loop mop
- **Efficient** - clean hard-to-reach areas
- **Limit Cross-Contamination** - easy to change mops between rooms
- **Save Money** - microfiber products clean better and use less water and cleaning solution

### Microfiber Flat Mops

EClean™ Flat Mops are offered in the standard 18" size, and come in multiple colors to help build a cleaning protocol. They feature a white hook and loop backing to attached to the flat mop frame.
