

Encompass helps our customers provide *safe and comfortable* healthcare environments.

Positive outcomes will result from working with the trusted professionals at Encompass.

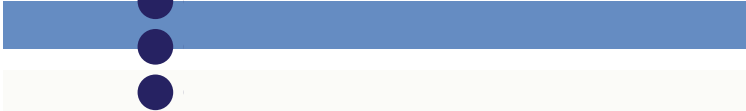

EXPERIENCE – Encompass has been designing and manufacturing cubicle curtains, window treatments, draperies, shower curtains, privacy screens, and bedspread solutions for healthcare facilities like yours for over 30 years.

PATIENT/RESIDENT SATISFACTION – Providing quality care has long been a priority for healthcare facility administrators. However, as patient and resident experience become closely tied to reimbursement, it is more imperative than ever to ensure patients and residents feel safe and comfortable.

HEALTHCARE FOCUS – Because we specialize in healthcare, we understand the unique challenges today's healthcare providers face. From patient and resident satisfaction, to infection prevention, staffing, and reimbursement issues, we understand and are here to help.

HEALING ENVIRONMENT – The aesthetics and comfort of a patient's or resident's room can go a long way in helping positively influence the customer's overall experience. Thus, providing a safe and comfortable environment is an integral part of providing quality care.

PARTNER – When you partner with Encompass for your healthcare décor needs, you can rest assured that we understand your challenges and that your project will reflect the outcome you desire.

Whether you are just replacing a few cubicle curtains, or are looking for full healthcare décor and installation assistance, Encompass is here to help.

CUBICLE CURTAINS, TRACK & HOOKS

Encompass creates healthcare environments that welcome you from the moment you enter the room. Each texture, color, and detail is designed with your patient's comfort and care in mind. We have countless solid and print fabrics for you to choose from to meet your cubicle curtain needs.

SHOWER CURTAINS & HOOKS

Complement your patient rooms with our wide selection of shower curtains. Choose from our attractive palette of colors in vinyl, nylon, or decorative fabrics with fluid proof liners.

WINDOW TREATMENTS & HARDWARE

Our experienced staff can help you create virtually any style of window covering you desire. We offer a variety of drapery choices, valances, cornice boards, mini-blinds, vertical blinds, and roller shades just to name a few. All are specifically designed for the healthcare setting.

COORDINATED BEDSPREADS

If you are looking to update or completely redesign a patient or resident room, our bedspreads can provide that finishing touch. We have both in-stock and custom fabrics to choose from and all are available quilted or non-quilted.

PRIVACY SCREENS & PANELS

We also offer lightweight privacy screens that can be easily moved to wherever needed in your facility. Panels can be in-stock solids or custom fabrics to further complement your décor.

From consultation to completion, Encompass is there for you every step of the way.

PROJECT MANAGEMENT – Our in-house Project Managers can assist you with fabric selection, samples, and cost projections for renovation or new construction. We can work with your designer, general contractor, materials manager, or department head to provide the best combination of value and desired results.

EXPERT INSTALLATION – We put the industry’s most extensive and experienced network of professional installers to work for you. This ensures the highest quality, appearance, and durability with all of our products. Our installers are also available for exact field measurements as needed to make sure our treatments fit perfectly every time.

MADE IN THE USA – Once approved, your project is then constructed with care and proudly made in the USA in our Big Lake, MN workroom. Domestic manufacturing allows us to offer the highest quality with minimal lead-time.

Encompass has an extensive library of fabrics and designs to help you create your unique safe and comfortable space.

FABRIC CHOICES - Over our decades in business, we have developed strong affiliations with many of the finest fabric manufacturers in the design industry. We stock several of our high volume fabrics for quick turnaround and the best possible pricing. Encompass can also make sure that you are selecting fabrics that meet flame retardancy codes, have anti-microbial qualities, and coordinate with whatever texture, color, or print you need to complement any interior.
